Introduction

1. ONSITE3D Ltd. (“**Onsite3D**”), ONSITE3D Industrial Services Ltd. (“**Onsite3D Industrial**”), and ONSITE3D Digital Solutions Ltd. (“**Onsite3D Digital**”) (collectively, the “**Companies**”) each filed a Notice of Intention to Make a Proposal (each an “**NOI**”) pursuant to s. 50.4 of the *Bankruptcy and Insolvency Act* (“**BIA**”) on June 22, 2026 (the “**NOI Date**”), and G. Chan & Associates Inc. was appointed as proposal trustee in each of the Companies’ proposal proceedings (in such capacities, the “**Proposal Trustee**”). Copies of the Certificates of Filing of the NOIs are attached hereto and marked collectively as Appendix “A”.
2. The Companies have complied with the conditions set out in s. 50.4(2) of the BIA. Accordingly, the NOIs provide the Companies with a stay of proceedings until July 22, 2026 (the “**Initial Stay Period**”), pursuant to s. 69(1) of the BIA.
3. The Companies have filed an application returnable July 9, 2026 (the “**First Extension Application**”) for, inter alia, the following relief:
 - a. an Order extending the time for the Companies to file a proposal by 45 days to September 5, 2026 (the “**Extension Application**”);
 - b. an Order granting a first-priority security interest or charge in the amount of \$250,000 over all of the current and future real and personal property of the Companies (the “**Administration Charge**”) to secure the fees and disbursements of Ogilvie LLP, legal counsel to the Companies (“**Debtor Counsel**”), the Proposal Trustee, and Sharek Logan & van Leenen LLP, legal counsel to the Proposal Trustee (“**Trustee Counsel**”) (the “**Administration Charge Application**”);
 - c. an Order administratively consolidating the Companies’ three NOI proceedings such that they are procedurally administered together under Court File No. 24-3389146, while remaining separate estates (the “**Administrative Consolidation**”); and
 - d. an Order validating service effected to date and authorizing service of Orders and materials in these proceedings by ordinary mail and by posting to the Proposal Trustee’s website (the “**Service Provisions**”).
4. The purpose of this first report of the Proposal Trustee (the “**First Report**”) is to provide the Court with:
 - a. background information regarding the Companies, their corporate structure, and the causes of their financial difficulties;
 - b. information regarding the Proposal Trustee’s activities since the NOI Date;
 - c. information regarding the Companies’ restructuring efforts since the NOI Date;
 - d. a preliminary overview of the Companies’ creditor body and priorities; and

- e. the Proposal Trustee's comments on the relief sought in the First Extension Application.
5. Due to the short time elapsed between the service of the First Extension Application materials and the preparation of this First Report, the Proposal Trustee has not received notice from any party objecting to or consenting to the relief sought in the First Extension Application.

Background

Notice to reader

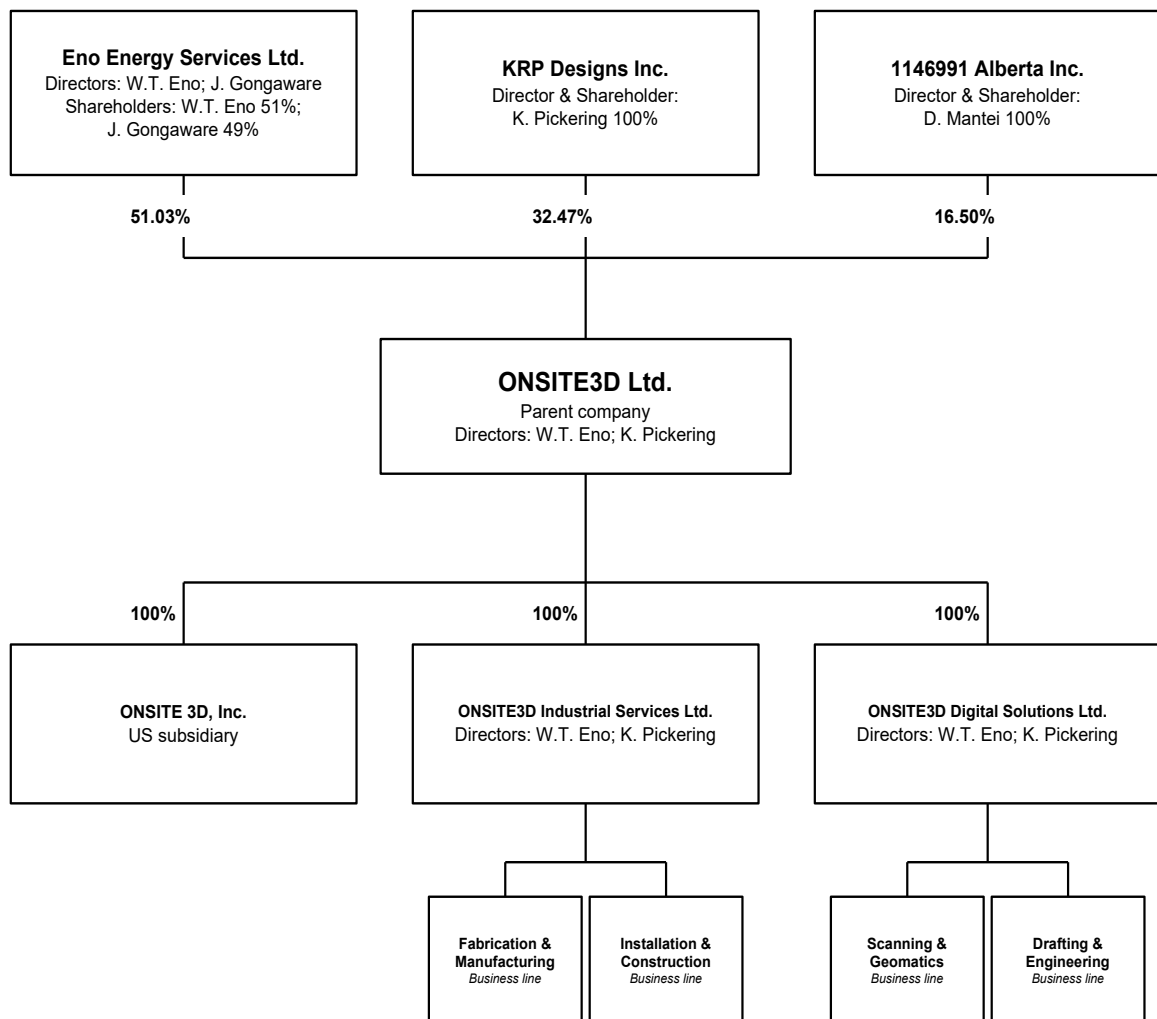

6. In preparing this report, the Proposal Trustee has relied on unaudited financial information, the books and records of the Companies, and discussions with the Companies' management ("**Management**"), interested parties, and stakeholders. The Proposal Trustee has not audited, reviewed, or otherwise attempted to verify the accuracy or completeness of the information in a manner that would wholly or partially comply with Generally Accepted Assurance Standards pursuant to the Chartered Professional Accountants of Canada Handbook. The Proposal Trustee expresses no opinion or other form of assurance with respect to the accuracy of any financial information presented in this report or relied upon by the Proposal Trustee in preparing this report.
7. Certain of the information referred to herein consists of financial forecasts and/or projections. The financial forecasts included in this report are the responsibility of Management. Management's responsibility extends beyond ensuring that the individual assumptions used to prepare the financial forecasts are appropriate in the circumstances and ensuring that assumptions as a whole are appropriate. While the Proposal Trustee has reviewed the information, the Proposal Trustee has not performed an audit or other verification of such information. The Proposal Trustee expresses no opinion or other form of assurance with respect to the accuracy of any financial information presented in the financial forecasts or relied upon by it in reporting on the financial forecasts. Future-oriented financial information included in this report is based upon Management's assumptions regarding future events. Actual results achieved may vary and these variations may be material.
8. The Proposal Trustee assumes no responsibility or liability for any loss or damage occasioned by any party as a result of the circulation, publication, reproduction, or use of this report. Any use which any party makes of this report, or any reliance or decision to be made based on this report, is the sole responsibility of such party.
9. All amounts included herein are in Canadian dollars unless otherwise stated.

Background information and corporate structure

10. The Companies are privately held corporations incorporated under the laws of Alberta. Onsite3D is the parent company, which wholly owns Onsite3D Industrial and Onsite3D Digital. The Proposal Trustee is also advised that Onsite3D wholly owns an inactive Texas based corporation, Onsite 3D, Inc. ("**Onsite3D USA**"). The directors of the Companies are

Mr. Wade Tyler Eno and Mr. Kyle Pickering. Copies of the Alberta Corporate Registry searches for the Companies and the Texas Comptroller's Franchise Tax Account Status for Onsite3D USA are attached hereto and marked collectively as Appendix "B".

11. The shareholders of Onsite3D are Eno Energy Services Ltd. ("**Eno Energy**") (51.03%), KRP Designs Inc. ("**KRP Designs**") (32.47%), and 1146991 Alberta Inc. o/a Factors Western ("**Factors Western**") (16.5%). Eno Energy and KRP Designs are Mr. Eno's and Mr. Pickering's holding companies, respectively, and Factors Western, which is also Onsite3D's first secured creditor, has Dianne Mantei as its sole shareholder and director.
12. Trustee Counsel has requested a corporate search through its agent in the United States to further confirm Onsite3D USA's particulars and the Trustee will report any irregularity from the search.
13. The ownership and operating structure of the Companies is shown below:

14. The Companies are indigenous-owned and operate an engineering, procurement, and construction business certified by the Canadian Council for Indigenous Business, serving industrial and energy clients.
15. As shown in the organization chart above, the subsidiaries effectively represent two different business segments. Onsite3D Industrial comprises the physical fabrication and construction business and Onsite3D Digital carries on the design, engineering, and technological side of the business.
16. Specifically, Onsite3D Industrial is an advanced manufacturing platform consisting of robotic welders ("**Robofab**"), which is based in leased premises located at 8701 - 102 Street, Clairmont, Alberta (the "**Clairmont Premises**") for which Roscher Ventures Ltd. is the landlord ("**Clairmont Landlord**").
17. Onsite3D Digital operates the group's digital engineering platform, including 3D reality capture and virtual design and construction, which consists of creating and using digital models to plan, design, and manage construction workflows. Onsite3D Digital is based out of leased premises located at 5528 1st SE, Suite 1, Calgary, Alberta, and maintains a business development presence in Texas, which the Companies had intended to grow through the Onsite3D USA subsidiary.
18. Management has advised the Proposal Trustee that Onsite3D Industrial and Onsite3D Digital were originally intended to operate as separate operating companies carrying on their respective businesses under a holding company / operating company structure, with Onsite3D as the holding company.
19. Although the Companies' operations were historically organized on paper according to the legal ownership structure, with revenue allocated between entities accordingly, that structure was not fully implemented in practice. Onsite3D holds substantially all of the corporate group's assets as well as customer contracts, and funds payroll and certain other expenses on behalf of Onsite3D Industrial and Onsite3D Digital as needed. Onsite3D Industrial and Onsite3D Digital have primarily served to employ the group's manufacturing and digital engineering staff, respectively.
20. Management advises that the business segment identified with Onsite3D Industrial has effectively ceased operations and it intends to wind down this side of the Companies' operations and sell the Robofab assets, including robotic welders and other equipment located at the Clairmont Premises.
21. Conversely, the business segment associated with Onsite3D Digital continues to gain momentum organically through indigenous procurement channels and strategic investor interest in the technology sector both in Canada and the United States.

Causes of financial difficulty

22. Management has advised the Proposal Trustee that the Companies' financial difficulties arise principally from inadequate financial controls during a period of rapid growth, the high cost of a factoring-based debt structure, accumulated arrears owing to CRA, and escalating creditor enforcement activity.
23. The Proposal Trustee notes that consolidated financial information across the Companies remains under development and at an early stage of the Proposal Trustee's review. The Proposal Trustee anticipates that further financial information will become available as these proceedings advance and will be reported to the Court and to creditors as appropriate.
24. Prior to the NOI Date, the Companies commenced a reorganization intended to wind down or divest the capital-intensive manufacturing operation while growing the digital engineering business. The wind-down of manufacturing revenue against continuing lease and equipment obligations increased the Companies' cash burn and accelerated the liquidity crisis that led to the NOI filings.
25. The Companies filed the NOIs to obtain a stay of proceedings, stabilize operations, and pursue a restructuring within the structured environment of Division I of the BIA (the **"Restructuring Objectives"**). The Companies required the stay of proceedings to prevent enforcement action by CRA that would disrupt the Restructuring Objectives to the detriment of the general body of creditors.

Proposal Trustee's activities to date

26. Since the NOI Date, the Proposal Trustee has taken the following steps, among others:
 - a. notified all known creditors of the Companies of the NOI filings in accordance with the BIA;
 - b. established a website at www.gcalit.ca/onsite3d-ltd for posting of materials and information in these proceedings;
 - c. assisted Management on the preparation and review of the Companies' 13-week cash flow projections;
 - d. participated in discussions regarding the Companies' restructuring efforts including efforts to obtain interim financing;
 - e. engaged Trustee Counsel; and
 - f. prepared this First Report.

Cash flow statements and interim financing

27. In accordance with s. 50.4(2) of the BIA, the Companies prepared 13-week cash flow statements for each of the Companies for the period June 22, 2026, to September 18, 2026 (the “**Initial Cash-Flow Projections**”). Copies of the Initial Cash-Flow Projections and accompanying notes and reports are attached hereto and marked collectively as Appendix “D”.
28. Key assumptions underlying the Initial Cash-Flow Projections include the collection of the Companies’ accounts receivable as contracted, the funding of subsidiary payroll obligations by Onsite3D, the payment of accrued employee wage arrears of approximately \$297,100, and a partial deferral of wages in the early weeks of the forecast period while interim financing is being sought.
29. Materially, the Initial Cash-Flow Projections assume that the Companies are able to obtain interim financing of \$650,000 by the week ending July 17, 2026. As at the date of this First Report, the Companies are in the process of soliciting interim financing proposals from prospective lenders.
30. In light of the foregoing, the Companies’ liquidity remains constrained, and the Companies’ cash-flow provides limited margin for negative variance until interim financing is obtained and August 2026 when cash-flow is expected to become positive.
31. The Proposal Trustee is monitoring the Companies’ actual cash-flow against the Initial Cash-Flow Projections and will report to the Court and as required by the BIA in respect of any material adverse change in the Companies’ projected cash flow or financial circumstances.

Overview of creditors and priorities

32. The Proposal Trustee has not yet had the opportunity to conduct a detailed review of the Companies’ various creditor claims and priorities at law. However, set out below is a preliminary summary of the Companies’ creditors organized by the nature of their claims, based on information presently available to the Proposal Trustee. Copies of the PPR searches for the Companies are attached hereto and marked collectively as Appendix “C”.

Canada Revenue Agency

33. According to the Companies’ records, the Companies owe CRA the following approximate amounts in respect of unremitted source deductions and unremitted Goods and Services Tax (“**GST**”):
 - a. Onsite3D – approximately \$1,625,607 in source deductions and \$695,595 in GST;
 - b. Onsite3D Industrial – approximately \$2,787,473 in source deductions and \$377,254 in GST; and
 - c. Onsite3D Digital – approximately \$2,478,221 in source deductions and \$586,561 in GST.

34. CRA has registered writs of seizure and sale in respect of federal certificates against each of the Companies.

Factors Western

35. Factors Western has first registration at the PPR over all present and after-acquired personal property of Onsite3D Ltd. The Companies' records disclose indebtedness to Factors Western of approximately \$14,067,982. As noted above, Factors Western also holds 16.5% of the shares of Onsite3D. The Proposal Trustee has not yet reviewed Factors Western's security or the quantification of its claim.

Capital Now Ventures Inc.

36. Capital Now Ventures Inc. ("**CNV**") has registered a security interest at the PPR over all present and after acquired personal property. The Companies' records disclose a recorded balance of approximately \$751,530; CNV has commenced an action in the Court of King's Bench of Alberta, Judicial Centre of Calgary (Action No. 2501 20942), against Onsite3D, Mr. Eno, and Mr. Pickering seeking approximately \$1,800,069 (the "**CNV Action**"). Onsite3D has filed a Statement of Defence and Counterclaim in the CNV Action and the litigation is ongoing.
37. On December 23, 2025, CNV issued a notice of intention to enforce security pursuant to s. 244 of the BIA. CNV has PPR registrations against all three of the Companies.

Equipment financiers and lessors

38. The PPR searches disclose registrations by various equipment financiers and lessors against one or more of the Companies, including RCAP Leasing, De Lage Landen Financial Services, Sonoma Capital, CWB National Leasing, Vault Credit, Geolin/Prime Capital, Summit, Polaris, Mitsubishi HC Capital Canada, Toyota Industries Commercial Finance, and Bodkin. The Proposal Trustee has not yet reconciled the amounts owing or reviewed the security supporting these registrations.

Judgment creditors

39. A number of trade creditors have obtained judgments against Onsite3D and registered writs of enforcement, including Russel Metals Inc./Comco (\$12,900), Swift Oilfield (\$63,110), Corex Concrete Cutting Ltd. (\$27,665), Hitch'em Oilfield Hauling (\$32,866), Electric Line Service Ltd. (\$112,579), Skyway Canada Limited (\$43,643), Accu-Pro Consulting Inc. (\$26,825), and Channico Machine & Millright Services Ltd. (\$29,194). Enforcement of the writs is stayed by operation of the NOI proceedings.

Clairmont Landlord

40. The Clairmont Landlord issued a demand in respect of arrears under the lease of the Clairmont Premises on June 18, 2026, and on June 19, 2026, filed a Statement of Claim in the Court of King's Bench of Alberta (Action No. 2604 00469) against Mr. Eno personally in the amount of approximately \$344,272 pursuant to a personal guarantee. The

Companies' records disclose accounts payable owing to the Landlord of approximately \$181,348.

Related parties and intercompany balances

41. The Companies' records disclose historical intercompany balances among the Companies. The Proposal Trustee will review related-party and intercompany dealings in the ordinary course of its administration.
42. The Companies' employees are owed accrued wage arrears estimated at approximately \$297,100, which the Initial Cash-Flow Projections contemplate being paid in the ordinary course during the forecast period. The Proposal Trustee notes that employee claims for unpaid wages may attract priority protection under the BIA and the *Wage Earner Protection Program Act* in certain circumstances.

Proposal Trustee's comments on Extension Application

43. Pursuant to s. 50.4(9) of the BIA, the Court may extend the time for filing a proposal by periods of up to 45 days each (to a maximum of five months beyond the Initial Stay Period) where the Court is satisfied that: (a) the insolvent person has acted, and is acting, in good faith and with due diligence; (b) the insolvent person would likely be able to make a viable proposal if the extension were granted; and (c) no creditor would be materially prejudiced if the extension were granted.
44. The Companies have cooperated with the Proposal Trustee's requests since the NOI Date, including by populating a comprehensive data room, preparing and revising the Initial Cash-Flow Projections, providing access to Management, and reporting on its restructuring efforts. In the Proposal Trustee's view, the Companies have acted, and are acting, in good faith and with due diligence.
45. The Companies' restructuring is at an early stage. The scale and complexity of the Companies' affairs make it impracticable for the Companies to formulate and file a viable proposal within the Initial Stay Period. The requested extension would permit the Companies to advance the quantification of creditor claims, pursue the divestiture or partnering of the advanced manufacturing platform and/or digital engineering segment, and continue efforts to secure interim financing.
46. The Proposal Trustee does not believe any creditor would be materially prejudiced by the requested extension. The stay of proceedings preserves the status quo among creditors and allows the Companies to pursue strategic transactions within a structured, Court-supervised process that were previously unable to proceed due to the Companies' insolvent condition outside of any formal process.
47. By contrast, if the extension is not granted, the Companies will be deemed bankrupt, which would eliminate the going-concern value of the digital engineering business, terminate customer contracts, result in the loss of employment for the Companies' staff, and reduce recoveries for the general body of creditors.

48. Accordingly, the Proposal Trustee is of the view that the requested extension of time to September 5, 2026, is reasonable and appropriate in the circumstances, and that the statutory criteria under s. 50.4(9) of the BIA are satisfied.

Proposal Trustee's comments on Administration Charge Application

49. Pursuant to s. 64.2 of the BIA, on notice to the secured creditors who are likely to be affected by the security or charge, the Court may make an order declaring that all or part of the property of a person in respect of whom a notice of intention is filed under s. 50.4 is subject to a security or charge, in an amount that the Court considers appropriate, in respect of the fees and expenses of:
- a. the trustee, including the fees and expenses of any financial, legal or other experts engaged by the trustee in the performance of the trustee's duties;
 - b. any financial, legal or other experts engaged by the person for the purpose of proceedings under this Division; and
 - c. any financial, legal or other experts engaged by any other interested person if the Court is satisfied that the security or charge is necessary for the effective participation of that person in proceedings under this Division.
50. The Proposal Trustee is of the view that the proposed Administration Charge in the amount of \$250,000, shared pro rata among the beneficiaries, is appropriate in the circumstances for the following reasons:
- a. the professionals' continued involvement is essential to the restructuring: the Companies cannot advance these proceedings, formulate a proposal, or complete any transaction without the expertise of Debtor Counsel. The Proposal Trustee anticipates playing a material role as Court officer in these proceedings and also requires legal representation by Trustee Counsel;
 - b. the Companies have liquidity constraints and no present ability to maintain retainers; absent the charge, the professionals bear the entire risk of non-payment, which would jeopardize their continued participation;
 - c. the quantum is reasonable relative to the scale of the proceedings: the Initial Cash-Flow Projections forecast aggregate professional costs of approximately \$267,000 over the 13-week forecast period across three estates with an aggregate creditor body exceeding 240 creditors and total recorded liabilities in excess of \$25 million; and
 - d. the beneficiaries are limited to the professionals whose services are necessary to these proceedings, and there is no unwarranted duplication of roles.
51. Based on the foregoing, the Proposal Trustee is of the view that the proposed Administration Charge is reasonable in the circumstances.

Proposal Trustee's comments on Administrative Consolidation

52. The proposed Administrative Consolidation is procedural only: the Companies' three NOI proceedings would be administered together under a single Court file for filing and hearing purposes, while each of the Companies' estates, assets, and creditor pools would remain separate. The Administrative Consolidation does not merge the Companies' assets or liabilities and does not affect the substantive rights of any creditor against any particular Company.
53. The Proposal Trustee supports the Administrative Consolidation for the following reasons:
- a. the Companies are under common ownership and management, share accounting, administrative, and treasury functions, and their operations and cash flows are interdependent, including the funding of subsidiary payroll by Onsite3D;
 - b. there is overlap in the Companies' creditors, including CRA and CNV, each of which has claims against or registrations in respect of more than one of the Companies;
 - c. the issues arising in each proceeding — stay extensions, the Administration Charge, interim financing, and any transaction — are common to all three estates and will proceed on a common evidentiary record; and
 - d. a single procedural track will materially reduce professional costs and duplication, to the benefit of all stakeholders.

Proposal Trustee's comments on service and notice provisions

54. The Companies' aggregate creditor body exceeds 240 creditors located across Canada and the United States, many of which have no counsel of record and some of which have incomplete contact information in the Companies' records. Personal service of all materials on all creditors would be impracticable and disproportionately costly.
55. The Proposal Trustee maintains the website referred to above, on which all Orders and Court materials in these proceedings are posted. The Proposal Trustee is of the view that the proposed Service Provisions provide a practical and proportionate means of keeping stakeholders informed, are consistent with the practice in comparable proceedings, and are reasonable in the circumstances.

Conclusions and recommendations

56. Based on current information, it appears to the Proposal Trustee that the Companies are acting in good faith and with due diligence, that the Restructuring Objectives are reasonable and would likely allow the Companies to make a viable proposal if the

extension is granted, and that no creditor will be materially prejudiced by the extension requested.

57. The Proposal Trustee is of the view that the proposed Administration Charge in the amount of \$250,000 is necessary to retain the ability of the Proposal Trustee, Trustee Counsel, and Debtor Counsel to act in the NOI proceedings.
58. The Proposal Trustee respectfully recommends that this Honourable Court grant the relief sought in the First Extension Application.

Respectfully submitted this 7th day of July 2026.

Court/Estate No.: 24-3389146

**In the Matter of the Notice of Intention to Make a Proposal of
Onsite3D Ltd.
(the "Company")**

**Notes to the Statement of Projected Cash Flow
For the 13-week period ending September 18, 2026**

Purpose and Basis of Presentation of the Statement of Projected Cash-Flow

- 1 The Statement of Projected Cash-Flow has been prepared solely for the purposes of the proposal proceedings of the Company pursuant to the *Bankruptcy and Insolvency Act* and readers are cautioned that it may not be suitable for other purposes.

Hypothetical Assumptions

- 2 Collections are assumed to be collected from customers according to contracted timelines.
- 3 The Company is the parent company of Onsite3D Industrial Services Ltd. ("OS3D IS") and Onsite3D Digital Solutions Ltd. ("OS3D DS") (collectively, "Subsidiaries"). All contracts are at the Company level but the majority of employees are employed by the Subsidiaries and amounts are made available from the Company to fund payroll.
- 4 Wage expense arrears owed to employees to be paid to retain the Company's and Subsidiaries workforce.
- 5 Partial deferment of wages from week 3 to week 4 to bridge cash-flow until interim financing obtained. Assume that employees will remain.
- 6 Debtor-in-possession financing in the amount of \$650,000 at 12% interest is assumed to be obtained to fund July's deficit after which the Company's cash-flow returns positive.
- 7 It is assumed that creditors take no steps to terminate the stay of proceedings.

Probable Assumptions

None.

District of: Alberta
Division No. 01 - Edmonton
Court No. 24-3389146
Estate No. 24-3389146

_ FORM 29 _
Trustee's Report on Cash-Flow Statement
(Paragraphs 50(6)(b) and 50.4(2)(b) of the Act)

The attached statement of projected cash flow of ONSITE3D Ltd., as of the 2nd day of July 2026, consisting of projections for the 13 week period ending September 18, 2026, has been prepared by the management of the insolvent person (or the insolvent debtor) for the purpose described in the notes attached, using the probable and hypothetical assumptions set out in the notes attached.

Our review consisted of inquiries, analytical procedures and discussion related to information supplied to us by: ☒ the management and employees of the insolvent person or ☐ the insolvent person. Since hypothetical assumptions need not be supported, our procedures with respect to them were limited to evaluating whether they were consistent with the purpose of the projection. We have also reviewed the support provided by: ☒ management or ☐ the insolvent person for the probable assumptions and preparation and presentation of the projection.

Based on our review, nothing has come to our attention that causes us to believe that, in all material respects,

(a) the hypothetical assumptions are not consistent with the purpose of the projection;

(b) as at the date of this report, the probable assumptions developed are not suitably supported and consistent with the plans of the insolvent person or do not provide a reasonable basis for the projection, given the hypothetical assumptions; or

(c) the projection does not reflect the probable and hypothetical assumptions.

Since the projection is based on assumptions regarding future events, actual results will vary from the information presented even if the hypothetical assumptions occur, and the variations may be material. Accordingly, we express no assurance as to whether the projection will be achieved.

The projection has been prepared solely for the purpose described in the notes attached, and readers are cautioned that it may not be appropriate for other purposes.

FORM 30
Report on Cash-Flow Statement by the Person Making the Proposal
(Paragraphs 50(6)(c) and 50.4(2)(c) of the Act)

The Management of ONSITE3D Ltd., has/have developed the assumptions and prepared the attached statement of projected cash flow of the insolvent person, as of the 2nd day of July 2026, consisting of projections for the 13 week period ending September 18, 2026.

The hypothetical assumptions are reasonable and consistent with the purpose of the projection described in the notes attached, and the probable assumptions are suitably supported and consistent with the plans of the insolvent person and provide a reasonable basis for the projection. All such assumptions are disclosed in the notes attached.

Since the projection is based on assumptions regarding future events, actual results will vary from the information presented, and the variations may be material.

The projection has been prepared solely for the purpose described in the notes attached, using a set of hypothetical and probable assumptions set out in the notes attached. Consequently, readers are cautioned that it may not be appropriate for other purposes.

**In the Matter of the Notice of Intention to Make a Proposal of
Onsite3D Digital Solutions Ltd.
(the "Company")**

**Notes to the Statement of Projected Cash Flow
For the 13-week period ending September 18, 2026**

Purpose and Basis of Presentation of the Statement of Projected Cash-Flow

- 1** The Statement of Projected Cash-Flow has been prepared solely for the purposes of the proposal proceedings of the Company pursuant to the *Bankruptcy and Insolvency Act* and readers are cautioned that it may not be suitable for other purposes.

Hypothetical Assumptions

- 2** It is assumed that Onsite 3D Ltd., the Company's parent company is successful in obtaining interim financing.
- 3** All revenues, expenses, projections and planned cash flows are shown consolidated at Onsite3D Ltd., and only expenses related to payroll, contractor payments and WCB are paid from this entity.

Probable Assumptions

None.

_ FORM 29 _
Trustee's Report on Cash-Flow Statement
(Paragraphs 50(6)(b) and 50.4(2)(b) of the Act)

The attached statement of projected cash flow of ONSITE3D Digital Solutions Ltd., as of the 2nd day of July 2026, consisting of projections for the 13 week period ending September 18, 2026, has been prepared by the management of the insolvent person (or the insolvent debtor) for the purpose described in the notes attached, using the probable and hypothetical assumptions set out in the notes attached.

Our review consisted of inquiries, analytical procedures and discussion related to information supplied to us by: ☒ the management and employees of the insolvent person or ☐ the insolvent person. Since hypothetical assumptions need not be supported, our procedures with respect to them were limited to evaluating whether they were consistent with the purpose of the projection. We have also reviewed the support provided by: ☒ management or ☐ the insolvent person for the probable assumptions and preparation and presentation of the projection.

Based on our review, nothing has come to our attention that causes us to believe that, in all material respects,

(a) the hypothetical assumptions are not consistent with the purpose of the projection;

(b) as at the date of this report, the probable assumptions developed are not suitably supported and consistent with the plans of the insolvent person or do not provide a reasonable basis for the projection, given the hypothetical assumptions; or

(c) the projection does not reflect the probable and hypothetical assumptions.

Since the projection is based on assumptions regarding future events, actual results will vary from the information presented even if the hypothetical assumptions occur, and the variations may be material. Accordingly, we express no assurance as to whether the projection will be achieved.

The projection has been prepared solely for the purpose described in the notes attached, and readers are cautioned that it may not be appropriate for other purposes.

FORM 30
Report on Cash-Flow Statement by the Person Making the Proposal
(Paragraphs 50(6)(c) and 50.4(2)(c) of the Act)

The Management of ONSITE3D Digital Solutions Ltd., has/have developed the assumptions and prepared the attached statement of projected cash flow of the insolvent person, as of the 2nd day of July 2026, consisting of projections for the 13 week period ending September 18, 2026.

The hypothetical assumptions are reasonable and consistent with the purpose of the projection described in the notes attached, and the probable assumptions are suitably supported and consistent with the plans of the insolvent person and provide a reasonable basis for the projection. All such assumptions are disclosed in the notes attached.

Since the projection is based on assumptions regarding future events, actual results will vary from the information presented, and the variations may be material.

The projection has been prepared solely for the purpose described in the notes attached, using a set of hypothetical and probable assumptions set out in the notes attached. Consequently, readers are cautioned that it may not be appropriate for other purposes.

_ FORM 29 _
Trustee's Report on Cash-Flow Statement
(Paragraphs 50(6)(b) and 50.4(2)(b) of the Act)

The attached statement of projected cash flow of ONSITE3D Industrial Services Ltd., as of the 2nd day of July 2026, consisting of projections for the 13 week period ending September 18, 2026, has been prepared by the management of the insolvent person (or the insolvent debtor) for the purpose described in the notes attached, using the probable and hypothetical assumptions set out in the notes attached.

Our review consisted of inquiries, analytical procedures and discussion related to information supplied to us by: ☒ the management and employees of the insolvent person or ☐ the insolvent person. Since hypothetical assumptions need not be supported, our procedures with respect to them were limited to evaluating whether they were consistent with the purpose of the projection. We have also reviewed the support provided by: ☒ management or ☐ the insolvent person for the probable assumptions and preparation and presentation of the projection.

Based on our review, nothing has come to our attention that causes us to believe that, in all material respects,

(a) the hypothetical assumptions are not consistent with the purpose of the projection;

(b) as at the date of this report, the probable assumptions developed are not suitably supported and consistent with the plans of the insolvent person or do not provide a reasonable basis for the projection, given the hypothetical assumptions; or

(c) the projection does not reflect the probable and hypothetical assumptions.

Since the projection is based on assumptions regarding future events, actual results will vary from the information presented even if the hypothetical assumptions occur, and the variations may be material. Accordingly, we express no assurance as to whether the projection will be achieved.

The projection has been prepared solely for the purpose described in the notes attached, and readers are cautioned that it may not be appropriate for other purposes.
