

Leaders in Aerosol Research and Custom Aerosol Packaging

October 1, 2024

Dear Valued Chase Customer,

First and foremost, we want to thank you for your business and support of the Chase professional brands, **Champion Sprayon®**, **ProsALL®**, **SprayPak®**.

Our last distributor price increase was nearly 3 years ago. Largely due to the growth of these brands, we were able to delay or absorb adjustments in raw material cost. Despite this, steady increases in steel, chemicals, propellants, plastics and corrugate have contributed by an average 10-15% increase in the total aerosol package. There have also been major increases in the cost of freight, both LTL and full truckloads.

Therefore, we are forced to implement a price increase on these brands and private label products. effective on orders placed after January 1, 2025.

An updated price list will be emailed to you in early December. All **SprayPak®** bid pricing will be honored for the duration of the bid.

Once again, on behalf of the entire Chase Products Team, we appreciate you!

Respectfully,

A handwritten signature in black ink, appearing to read "Anthony Albazi". The signature is fluid and cursive, with a large initial "A" and "A".
