

# FULL STEAM AHEAD!

With the world's first **EXTRA-DEEP** full and 1/2 steam table pans with patent pending **TRU-FIT™** design technology

## INDUSTRY PROBLEM

- Traditional 1/2 size extra deep pan is too tall for traditional full size pan
- Traditional full size pan is too shallow to allow additional capacity

- Tru-Fit™ patent pending design technology
- Reconstructed for better nesting of 1/2 size steam pans
- Larger capacity = greater efficiency and less labor to replenish food
- Ready to go packaging and better presentation
- Now allows for full lid to cover entire package

MISFIT OF TRADITIONAL PANS

TRU-FIT™ IS THE IDEAL FIT

Tru-Fit™ design extended to full line of industry's leading items  
 HFA has revolutionized the aluminum steam table segment with new, Tru-Fit™ sizes\*
