THE COMPLETE MENSTRUAL CARE SYSTEM.

Do The Right Thing

Women should find readily accessible tampons and pads in every restroom outside the home.

Can you imagine any public restroom without toilet paper, toilet seat covers, paper towels, or soap? Then why don't all women's public restrooms also provide the menstrual care products women need for their periods —and make sure dispensers are always full? Now you can.

Available supplies and sanitary disposal mean security.

When you provide a reliable, attractive and easy to use dispenser stocked with tampons and pads — and a clean and easy way to dispose of menstrual care products — your employees, customers, and patrons will know you care about their needs and well-being — and women won't be worried when their period starts unexpectedly.

86% of people surveyed report that they've started their period unexpectedly in public **without the supplies they needed.**

Choosing a Menstrual Care System

HOSPECO carries the most complete line of menstrual care products for the “away from home” market, including tampons and pads; product dispensers; and safe, hygienic disposal equipment. We provide an onsite analysis that will outline those products that fall within the scope of the new laws, but will also include recommendations for ancillary products designed to improve the appearance of your restrooms, protect the health of your maintenance staff, and prevent behaviors that could damage the plumbing of your facility.

Solutions included in the optimal system are denoted with this symbol in the personal care products section.

The Optimal System

Personal care is part of what constitutes a well-appointed restroom, one that has public health at its core (much as soap and water do currently.) Choosing the optimal system is easy as 1-2-3. It consists of dispensers, vended product and a safe and sanitary method of disposal.

We Have Always Believed It.

We see menstrual care solutions to be as necessary as soap, toilet paper, and paper towels. We champion universal access because, let's face it, this isn't a topic people talk easily about. When designing restrooms and specifying their equipment, few consider the stigma of being left unprepared while away from home should your period come unexpectedly. For this reason, and because “it's always been this way”, many public washrooms offer nothing.

Let's change that.

REDEFINING A WELL APPOINTED PUBLIC RESTROOM

The First and ONLY No-Touch Menstrual Care Product Dispenser

With no-touch sink faucets, soap dispensers and hand dryers being a standard in many public restrooms and automated toilet seat cover dispensers becoming an emerging trend, the HOSPECO® EVNT3 No-Touch Menstrual Care Product Dispenser further promotes a sanitary environment guests will appreciate.

HOSPECO® developed the new Evogen® EVNT3 No-Touch Menstrual Care Product Dispenser to vend products effortlessly with the wave of a hand and make public restrooms more sanitary and reduce the spread of germs and illnesses. The touch-free design provides greater convenience, creating a more upscale atmosphere and enhanced customer experience.

Evogen® EVNT3 No-Touch Dual Vendor

- Available in free vend only with a 5 second time delay between dispenses to discourage malicious use.
- Modern, streamlined ADA-compliant design facilitates easy loading and re-stocking
- This large capacity machine dispenses both Maxithins® or Gards® sanitary napkins and Tampax® tampons
- Indicator lights for easy maintenance:
 - Empty Indicator: A flashing red light indicates when a channel needs to be refilled
 - Low battery indicator: A solid red light indicates it is time to replace the batteries
- Made of strong, impact resistant white ABS plastic
- Dispenser requires (4) AA batteries (not included)
- Size: 26.5" x 14" x 6.125"

Factory programmed 5 second time delay between dispenses to discourage malicious use.

The New Standard In Menstrual Care Dispensers

EvoGen® dispensers make stocking and dispensing more convenient than ever before. And dual loading of both tampons and pads is more convenient for customers. The dispensers' modern, streamlined styling is attractive and easy to use. To load, staff just opens the door and slides in products — easy loading promotes consistent stocking. ADA-compliant push-button dispensing makes EvoGen® dispensers accessible to all women. EvoGen dispensers are available in white and stainless steel.
