These guidelines are supplied to assist you in determining the proper use of Pactiv products. They are based upon testing and published guidelines and are reliable in most applications. However, because every food supplier's recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.

*PCR stands for post-consumer recycled material, which is material reclaimed and recovered after consumer use.

Reduce

 We strive to minimize packaging, petroleum based materials and energy use across the supply chain.

Reuse

 We are committed to using post-consumer recycled materials, where available to produce new products.

Recycle

 We are actively engaged in projects to increase the recycling of all foodservice packaging into new manufactured products.

Renew

 We utilize renewable and compostable resources.
