ROSE DOMES

FLUTED DOMES

PLASTICLEAR® SHOWCAKES are an ideal option for storing, transporting, and exhibiting cakes and desserts. Clear domes enhance product visibility, for better appreciation. Perfect for events, celebrations, supermarkets, bakeries, and catering services.

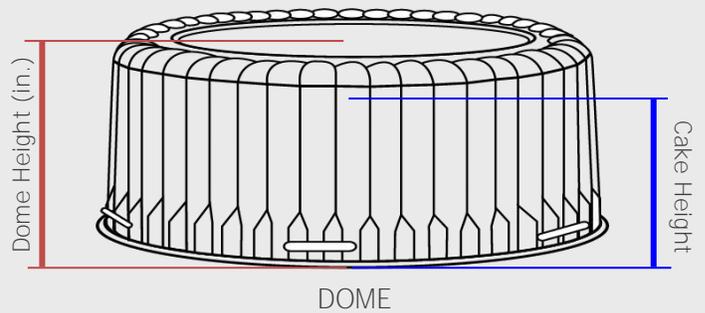

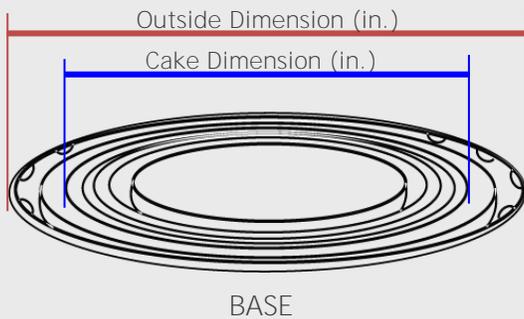

Our showcakes are available for round and rectangular cakes, in high and shallow lid dome options and two designs: fluted and rose. Two base options: black and clear.

Base tabs provide a safe way to open and close our showcakes, while protecting cake decorations from damage.

BIODEGRADABLE FOAM PLATE

MADE IN DOMINICAN REPUBLIC

PLASTIFAR BIO® is the new line developed under our commitment to increase the portfolio of ecofriendly products, with the purpose of supplying, to our customers and consumers, the demand for biodegradable products. It is a new family of foam products that guarantee their biodegradation in without damaging the environment.

Bio Foam products, are manufactured under **ASTM D5526 / ASTM D5511**.

These verify that they degrade in the environment by the effect of biodegradation, helping to reduce the environment impact.

These reduce their molecular structure allowing access to living microorganisms, biodegrading without leaving residues in the soil. They start with an oxidation process and end with a biological process.
