OVERVIEW

THE COMPANY

Starco Chemical is a national manufacturer of warewash, laundry, floor care, housekeeping and industrial products.

Starco Chemical, a division of Diamond Chemical Co., Inc., maintains its corporate headquarters in East Rutherford, N.J. Starco's facility is situated on 16 acres and contains a 150,000 square foot complex. This complex houses corporate offices, manufacturing, warehousing and laboratories.

Having over 70 years of technical experience, Starco is ready to handle all of your chemical requirements. Starco label or your own branded label, our quality products and innovative packaging will help your organization grow and look its best.

RESEARCH & DEVELOPMENT

Starco's 10,000 square foot, state of the art laboratory enables us to ensure consistent, high quality products for our customers.

A full complement of highly qualified chemists provide you with the most up-to-date and innovative products. These chemists utilize the most modern equipment including a complete textile laboratory with laundermeters, commercial washers, infrared spectrophotometers, gas chromatographs and atomic absorption spectrophotometers just to name a few. This staff will help you with unique product requirements, expert analysis or environmental concerns.

Our Research and Development, Quality Control, and Quality Assurance abilities will make you feel confident when selling a Starco product.

PRODUCT VALUE

Starco delivers product value to you, and, as a direct result, your customers. This value is provided through:

- Excellent products, consistent time after time.
- The right packaging, clean and neat.
- Comprehensive programs, including in-field service and profit oriented promotions.
- Technical service via in-depth laboratory support.
- Competitive pricing which maximizes profits.

Starco delivers the finest products, packaging and cost with unmatched service, so you receive superior product value. Starco Chemical - a name you can trust and count on.

CUSTOMER SERVICE

Starco's comprehensive customer service program doesn't stop with taking your order. We follow through. We make sure your order is properly manufactured and packaged. If any custom work is needed, such as special formula needs, particular labeling requirements or unusual delivery times, attention is given to those details.

Our in-house art department will custom design any packaging specifications. Our technical field representatives will educate your staff on our product line with seminars and demonstrations. Starco's national warehousing network and fleet of company owned trucks will deliver your order courteously and on time. That's the Starco Customer Service advantage. We care about your business.

MACHINE DISHWASHING DETERGENTS

All Starco Warewash products bear the  symbol of certification. "U.S.D.A. Authorized" is defined as meaning "Authorized by U.S.D.A. for use in federally inspected meat and poultry plants."

POWDERS

M-3 Pink Non-Chlorinated

A highly complex, alkaline, powdered machine dishwashing detergent that can be used effectively in all degrees of water hardness and under the heaviest soil conditions. M-3 dissolves and suspends all food soils efficiently and economically. Not for use on aluminum. U.S.D.A. authorized.

MC-500 Chlorinated

A top quality, granular, heavy duty, chlorinated machine warewash detergent. Made of highly sophisticated alkaline builders, sequestrants, buffering agents, surfactants and deflocculants, MC-500 is specifically designed for use in very hard water and under extremely heavy soil load conditions. Not for use on aluminum. U.S.D.A. authorized.

MC-200 Chlorinated

MC-200 is a powdered, chlorinated machine dishwashing detergent designed to handle heavy soils in up to medium to hard water. Added deflocculants, alkaline builders, sequestrants and soil suspending agents make MC-200 extremely effective. Not for use on aluminum. U.S.D.A. authorized.

MC-300 Chlorinated

A heavy duty, concentrated, granular, chlorinated dishwashing detergent. Special sequestering agents, wetting agents and water conditioners combine in an alkaline base to quickly remove and suspend food soils in all degrees of water hardness. Chlorinated to remove stains. Not for use on aluminum. U.S.D.A. authorized.

Positive Aluminum Safe

A granular, concentrated, heavy duty machine dishwashing detergent contained in capsule form. The granular nature of Positive ensures complete dispensing of product. Designed-in sequestering agents, wetting agents and water conditioners in a stable alkaline base combine with oxygen bleach to remove all food soils and stains efficiently and economically. Positive is very effective in hard water areas. NON-CHLORINATED

Conquest Non-Chlorinated

Conquest is a highly complex, non-chlorinated, alkaline powdered machine dishwashing detergent that can be used effectively in all degrees of water hardness and under the heaviest of soil conditions. Conquest dissolves and suspends all food soils efficiently and economically. Not for use on aluminum. U.S.D.A. authorized.

SOLIDS

Solid Machine Dish 1000

SOLID MACHINE DISH 1000 is a solid, concentrated heavy duty, machine dishwashing detergent contained in capsule form. The solid nature of SOLID MACHINE DISH 1000 ensures complete dispensing of product. Designed-in sequestering agents, wetting agents and water conditioners in a stable alkaline base combine to remove all food soils and stains efficiently and economically. SOLID MACHINE DISH 1000 is very effective in hard water areas.

Solid Aluminum Safe Detergent

Encapsulated solid warewash product for use in bowl type dispensers. Specifically formulated for economical and precise dispensing into wash solution. Cleans all types of food soils from all types of metals including aluminum in normal to hard water.

LIQUIDS

Non Chlor

A highly effective, non-chlorinated, liquid dish detergent which can be used in all water hardness conditions and in the heaviest of soils. Not for use on aluminum.

MLC-100 Chlorinated

A highly alkaline, liquid warewashing detergent designed for use in automatic liquid dispensing equipment. Intended for use at all levels of water hardness and under heavy soil conditions. MLC-100 contains controlled release chlorine for excellent stain removal. Not for use on aluminum. U.S.D.A. authorized.

Saf-T Aluminum Safe Pot & Pan Cleaner

A heavy duty, mildly alkaline, liquid machine dishwashing detergent designed to provide maximum protection for soft metal pots and pans, such as aluminum. SAF-T remains effective in hard water under the heaviest soil conditions. SAF-T is an economical detergent for soft metal. U.S.D.A. authorized.

RINSE ADDITIVES

LIQUIDS

ACR Rinse Additive - Red

ACR is an economical drying agent designed to prevent spotting and streaking. ACR can be used in soft to medium water hardness conditions. U.S.D.A. authorized.

HG-3 Rinse Additive - Blue

HG-3 combines surface active agents and excellent food soil defoamers to provide outstanding water sheeting. Effective under most water conditions, HG-3 delivers incredibly fast and spot free drying of all wares. U.S.D.A. authorized.

Power Dry Rinse Additive - Green

A purposefully designed acid rinse drying agent for use where difficult to control hard water conditions are found. Power Dry eliminates all spotting and streaking while reducing scale buildup.

LOW TEMPERATURE MACHINE DISHWASHING PRODUCTS

LIQUIDS

Low Temp Detergent

An excellent, liquid, machine dishwashing product. This is the detergent for those who want maximum efficiency and sparkling clean dishware in a low temperature, energy saving dishwashing machine. Manufactured with special alkaline builders, sequestrants, buffering agents and deflocculants, Low Temp Detergent is highly effective under heavy soil load conditions in soft to medium hard water.

Low Temp Rinse Agent

A highly concentrated liquid containing synthetic wetting agents and organic coupling agents. Thoroughly "wets-out" all surfaces, thus providing rapid spot-free drying. Specially built-in surfactants and a synthetic defoamer prevent foam build up. Designed for use in low temperature machines.

Low Temp Sanitizer

For use as a sanitizing agent in the last rinse operation of a low temperature dish machine. Buffered for extra stability.

MANUAL DISHWASHING DETERGENTS

LIQUIDS

So-Kleen Pink Dish, Pot and Pan Cleaner

So-Kleen is a liquid hand dish detergent that cuts grease fast – makes dishes, glasses, pots and pans sparkle. So-Kleen is safe on hands and tough on soils. Our most economical pink dish detergent.

So-Kleen Green Dish, Pot and Pan Cleaner

So-Kleen is a liquid hand dish detergent that cuts grease fast – makes dishes, glasses, pots and pans sparkle. So-Kleen is safe on hands and tough on soils. Our most economical green dish detergent.

Solar Green Dish Detergent

A high value, green, liquid dishwashing detergent that easily lifts, removes and suspends food and grease in all water conditions. Can also be used for general kitchen cleaning. U.S.D.A. authorized. High sudsing.

Mighty Suds Pink Dish Detergent

A liquid hand dish detergent that cuts grease fast – makes dishes, glasses, pots and pans sparkle. Mighty Suds is safe on hands and tough on soils. Our most economical manual dishwashing liquid detergent. High sudsing.

Aurora Clear Pink Dish Detergent

A pink, liquid, dishwashing detergent that emulsifies oil and grease and is highly effective in all water temperatures and degrees of hardness.

Pink & Creamy Premium Pink Dish Detergent

Designed for commercial use, Pink & Creamy is a powerful and concentrated manual dishwashing liquid. Pink & Creamy is high sudsing, long lasting and highly effective in cutting food soil and grease while allowing for quick and spot free drying. Can also be used for general kitchen cleaning. Gentle on hands. U.S.D.A. authorized. Our best pink detergent.

Buf Blue/Green Dish Detergent

A blue/green manual dishwashing liquid with long lasting, abundant suds that quickly cuts through and suspends grease and soils. Buf provides that "squeaky clean" feel and look

to all washed wares, yet is gentle and non-irritating to hands. Buf delivers excellent sheeting action. U.S.D.A. authorized.

Quick Suds Premium Kelly Green Dish Detergent

A top-rated, high sudsing, green liquid dishwashing detergent for use on glasses, dishes, pots and pans. Cuts grease fast with longer lasting suds, yet is mild on hands. Cleans encrusted buildup while safely removing foods and grease from all warewash items. Highly concentrated formulation provides excellent sheeting action which gives quick and spot free drying. Quick Suds is excellent for use as a pot and pan soak. U.S.D.A. authorized.

Emerge Dish, Pot and Pan Premium Plus Detergent

A premium, high sudsing, grease cutting dish, pot and pan detergent. Emerge is better in cleaning and sudsing than the top rated national brands. Delightfully scented and with just the right thickness. Emerge will leave your wares, pots and pans absolutely spotless and squeaky clean. Highly concentrated; just a small amount of Emerge in a sink full of water will result in heavy, dense, long lasting suds. Emerge is safe on your hands so repeated use will not chafe your skin. With Emerge you get excellent results, cost efficiency and safety in the kitchen.

POWDERS

So-Kleen Pink

So-Kleen Pink is an economical, powdered detergent for manual cleaning of pots, pans, dishes, glassware and silverware. So-Kleen Pink produces abundant, long lasting suds even in the hardest water. Soils will not redeposit. Our least expensive powdered detergent.

Orange Suds

Orange Suds is a highly economical, orange, powdered detergent for manual cleaning of dishes, glassware, silverware, pots and pans. Orange Suds produces copious suds in most water and soil load conditions. Orange Suds is gentle on hands and tough on food and grease deposits.

ANT-10

An economical powdered synthetic detergent for manual cleaning of pots, pans, dishes, glassware and silverware. ANT-10 produces abundant, long lasting suds even in the hardest water. It effectively handles heavy soil loads without redepositing. Available in pink or blue. U.S.D.A. authorized.

G-4

This yellow free-flowing, powder contains effective grease cutting agents and makes easy work of oily food soils on silverware, glassware, pots and pans. Special buffering agents make G-4 gentle on hands. U.S.D.A. authorized.

Dish Safe

This concentrated, pink, manual dishwashing powder is tremendously effective. Completely cuts through and removes food soils from dishware, flatware, glassware and pots and pans. Enhanced sheeting action leaves all items clean, clear and sparkling.

Syntho Beads

A high volume, white, free flowing beaded powder with superb grease cutting ability and emulsifying properties. Promotes complete wetting to insure rapid, streakless drying. Syntho Beads are also good for light duty all purpose cleaning.

SOLIDS

Solid Pot & Pan Detergent 1000

Highly effective Solid pot & pan detergent for use in solid detergent dispensers. Extremely active for complete cleaning and suspension of food soils, including baked on fats and greases.

Solid Detarnish 1000

DETARNISH 1000 is a solid flatware presoak and tarnish remover for use on silverware and silverplate.

KITCHEN SPECIALTY PRODUCTS

LIQUIDS

Veggie Wash

Spectrum Veggie Wash is an economical and safe solution to assuring that your processed fruits and vegetables will be safe for human consumption and free from microorganism contamination that so often accompanies processed produce. It is simple to use and requires no follow-up rinse. All you have to do is dilute the product at a dilution rate of 1 oz. Veggie Wash to 8 gallons of water. It can be used in a soak tank, sink or a faucet rinse application.

Slash RTU Economy Grill & Oven Cleaner

A ready-to-use grill and oven cleaner. For routine cleaning of moderately soiled stove tops, burners, griddles and deep fryers. A fast-acting, clear, colorless, odor-free product. U.S.D.A. authorized.

Big Red Grill & Oven Cleaner

Big Red is an economical, fast-acting, odor-free, highly effective grill and oven cleaner. Big Red easily removes baked-on grease and food from ovens, stove tops, burners, griddles and deep fryers. Not for use on soft metals. U.S.D.A. authorized.

Supurb Premium Grill, Oven & Fat Fryer Cleaner

Supurb is a super powerful, odor free, oven and grill cleaner. Supurb provides rapid, thorough removal of encrusted and baked on grease and food. Also effective in deep fat fryers, griddles, ventilating hoods, rotisseries, and any other areas where carbonized foods or oils exist. Not for use on soft metals. U.S.D.A. authorized.

Triple Power Grill and Oven Cleaner

Easily removes encrusted and baked on grease and food from ovens, stove tops and burners, griddles and deep fat fryers.

Blast Thickened Oven Cleaner

A concentrated, thixotropic oven cleaner that is easily pumpable yet clings to vertical and "upside down" surfaces. Blast removes grease, fats and burned-on foods from ovens, ranges, range hoods, vents, grills and broilers. May be sprayed, painted or dabbed on surfaces. Not for use on soft metals.

Spectrum #7 Freezer Cleaner

Spectrum #7 Freezer Cleaner is designed for cleaning & degreasing frozen food & cold storage areas, without having to defrost the area first. Spectrum #7 Freezer Cleaner cleans at temperatures up to -10°F. Spectrum #7 Freezer Cleaner must be used as is to maintain its efficacy.

Mineral Oil Surface Protectant & Lubricant

Mineral Oil, a foodgrade surface protectant and equipment lubricant, protects designated equipment from surface rusting. Apply Mineral Oil after complete cleaning & rinsing of equipment. Safe on all metals.

Liquid Detarnish

A colorless, odorless liquid concentrate designed to soften food soil on all types of flatware. When used as directed, chemically removes tarnish from silver or silver plate. Detarnish may be used in all water conditions. Also available in powdered form. U.S.D.A. authorized.

Redeem Liquid Presoak and Destainer

Redeem is an off-white concentrate which is used to presoak and destain dishware and stainless steel items. Redeem removes even the heaviest encrusted and baked on soils and lifts out most food stains in less than one hour. Specially built-in passivators allow Redeem to be used on aluminum with dilution recommendations. Not for use on silver, silverplate, wood and rubber.

LSR Lime Scale Remover

A heavy duty lime scale remover for use in dishwashing machines and "batchtype" spray

equipment. LSR is used for the descaling of mineral deposits from laboratory glassware and lab animal cages. LSR will not foam up and leaves the inside of dish machines bright and shiny. U.S.D.A. authorized.

Diamond Disinfectant 1000

A highly concentrated quaternary disinfectant and sanitizer. Diamond Disinfectant 1000 is designed specifically for use in hospitals, food processing plants, dairies, restaurants, bars, nursing homes and other similar institutions. Diamond Disinfectant 1000 can be used as a rinse free sanitizer. Used in accordance with directions shows Diamond Disinfectant 1000 to be an effective bactericide and virucide in the presence of 5% blood serum. This product helps prevent and control mold and mildew and the odors they cause. Diamond Disinfectant 1000 can be used as a sanitizer in the final sink of a bar glass washing operation. E.P.A. registered. This product is an effective disinfectant against H1N1.

Dilution Rate: 1 oz./4 gl. water to sanitize.
3 oz./5 gl. water to disinfect.
3 1/2 oz./5 gl. water for hospital disinfecting.

Diamond RTU Sanitizer

Sanitizer for institutional and industrial use, school, dairy, restaurant food handling and processing areas, Federally inspected meat and poultry plants, bar and institutional kitchen use. This product is a ready-to-use 200 ppm active quat solution which eliminates

99.999% of most harmful bacteria in 60 seconds according to the AOAC Germicidal and Detergent Sanitizing Action of Disinfectants test.

Kleer It

A concentrated liquid bacteria/enzyme drain cleaner and deodorizer. Kleer It digests fats, oils, greases, proteins and other food soils to maintain clear and free flowing drains. Kleer It can be used in all grease traps, drain lines, recreational vehicles, septic tanks, cesspools, lagoons, and waste treatment plants. Kleer It will not harm plumbing. U.S.D.A. authorized.

Topaz

This no rinse, hard surface, floor cleaner will attack soils and grease that darken grout and quarry tile, ceramic tile, concrete and brick floors. Topaz is enhanced with grease and soil eating safe enzymes. This bacteria action will continue to work for days after application, quickly cleaning and brightening grout and tile while leaving behind a pleasant scent. This product is recommended for kitchens, bathrooms, showers and food processing areas. No rinsing under normal conditions is required. Every time you mop with Topaz you increase the effectiveness of the product. Damp mop your way to sparkling hard surfaces and clean grout with Topaz. For floor use only. Avoid food contact.

POWDERS

S-80 Deep Fryer Cleaner

A powdered formulation which is added to water in a deep fat fryer for efficient and complete removal of all baked on and embedded greases. S-80 will handle even the toughest carbonized and burned on fatty soils. U.S.D.A. authorized.

Flatware Pre Soak

A highly concentrated powder used prior to machine washing of flatware. This presoak softens and releases food soils from stainless steel, silverware and all washable items. Use of Flatware Presoak ensures complete removal of caked on soils. Also available in solid capsule form. U.S.D.A. authorized.

D'Stain Out

Chlorine free concentrate used to soak and remove stains, including coffee and tea, from plastic, china and other warewash items. This oxygen releasing bleaching agent is thoroughly rinsed with clean water. Excellent for use on stainless steel and aluminum coffee urns. U.S.D.A. authorized.

Silver Detarnish

A free flowing, highly concentrated, powder designed to remove stains and tarnish from silverware. Silver Detarnish also is an excellent presoak for stainless flatware resulting in bright and sparkling flatware.

BAR GLASS WASHING AND SANITIZING PRODUCTS

LIQUIDS AND POWDERS

Trumpet

Manual Glasswash Detergent

Trumpet is specially manufactured for the hand washing of glassware in bars, taverns, restaurants, and all locations which use a two or three sink operation. Trumpet effectively removes lipstick, grease and other soils from drinking glasses. Trumpet aids in sheeting to deliver a spot and streak free finish. Does not affect beer head. Also available in powder.

Diamond RTU Sanitizer

Sanitizer for institutional and industrial use, school, dairy, restaurant food handling and processing areas, Federally inspected meat and poultry plants, bar and institutional kitchen use. This product is a ready-to-use 200 ppm active quat solution which eliminates 99.999% of most harmful bacteria in 60 seconds according to the AOAC Germicidal and Detergent Sanitizing Action of Disinfectants test.

Diamond Disinfectant 1000

A highly concentrated quaternary disinfectant and sanitizer. Diamond Disinfectant 1000 is designed specifically for use in hospitals, food processing plants, dairies, restaurants, bars, nursing homes and other similar institutions. Diamond Disinfectant 1000 can be used as a rinse free sanitizer. Used in accordance with directions shows Diamond Disinfectant 1000 to be an effective bactericide and virucide in the presence of 5% blood serum. This product helps prevent and control mold and mildew and the odors they cause. Diamond Disinfectant 1000 can be used as a sanitizer in the final sink of a bar glass washing operation. E.P.A. registered. This product is an effective disinfectant against H1N1.

Dilution Rate: 1 oz./4 gl. water to sanitize.
3 oz./5 gl. water to disinfect.
3 1/2 oz./5 gl. water for hospital disinfecting.

Glass Fome

Powdered Bar Glass Cleaner

Glass Fome's low foaming formulation rapidly cleans bar glassware and other glassware. Glass Fome removes lipstick stains. It does not affect beer foam. Glass Fome leaves glassware spotless and streak free. Glass Fome rinses freely and requires no manual drying. It is concentrated for in use economy.

Lo Sudz Low Foam Electric Machine Bar Glass Cleaner

This concentrated, low foaming, bar glass cleaner is compatible with all methods of glass ware cleaning. It is especially useful in under the counter bar glass cleaning where an electric brush machine is used. Lo Sudz will leave glasses spotless and reduces lime and film build-up. Lo Sudz will remove lipstick and other soils. Lo Sudz will not affect the foam of beer heads and will actually encourage a beautiful head of beer. Lo Sudz also incorporates ingredients that will actually make your electric brush machine work more effectively as Lo Sudz lubricates moving parts while cleaning.

TABLETS

Sani Tabs HIV-1 Rated

For sanitizing dishes, glasses and utensils in bars, restaurants, taverns and all food service establishments. A quaternary sanitizer in concentrated, premeasured tablet form. Sani Tabs used in the final rinse sink leaves dishes, glasses and utensils sparkling clean and free of any residual film or taste. Sani Tabs are non-corrosive, non-staining, odorless and non-irritating to hands. E.P.A. registered. Also available in liquid form as Diamond Disinfectant 1000.

DETERGENTS

POWDERS

Calusa D-140

Mild Laundry Detergent

Calusa Brand D-140 is amazingly mild yet gives the cleanest wash possible. Rinses easily and thoroughly. It is safe and leaves no irritating or scratchy deposits.

Signal 15

Low Foam Laundry Detergent

Signal 15 is a most economical complete detergent. Signal 15 provides low suds detergency and contains a combination of surface active agents, water conditioners, alkaline builders, optical brighteners and anti-redeposition agents. Signal 15 penetrates quickly to remove soils and rinses easily. Signal 15 may be used in hard or soft water. Available in blue.

Formula #5 Lo Foam

Laundry Detergent

An economical complete detergent. #5 provides excellent low suds detergency and contains a combination of surface active agents, water conditioners, alkaline builders, optical brighteners and anti-redeposition agents. #5 penetrates quickly to remove soils and rinses easily. #5 may be used in hard or soft water and is ideal for washing lightly soiled textiles. Available in blue or white. U.S.D.A. authorized.

Formula #3 Lo Foam

Laundry Detergent

A more concentrated laundry detergent containing alkaline builders, surfactants, water conditioners, anti-redeposition agents and brighteners. Effectively cleans light to medium soiled textiles in a low foaming washing environment. #3 may be used in up to medium hard water. U.S.D.A. authorized.

Whiz Lo Foam Laundry Detergent

Our most concentrated and effective granular low foam laundry powder. Whiz is a built laundry detergent containing an excellent cleaning system to cover a wide range of soils and fabrics. Whiz also has a combination of anti-redeposition and whitening agents. U.S.D.A. authorized.

Whiz 601 Laundry Detergent

A non-phosphate combination laundry detergent and oxygen bleach powdered product. Whiz 601 is a controlled suds product containing borax, brighteners, anti-redeposition agents and corrosion inhibitors. Whiz 601 is effective in both hot and warm water. U.S.D.A. authorized.

LIQUIDS

Total Liquid Laundry Detergent

A power packed, competitively priced, biodegradable, liquid laundry detergent. Total contains a dual phase cleaning system to cover a wide range of soils and fabrics. Total has a combination of water softening, anti-redeposition, whitening agents and is a concentrated and effective washing product. U.S.D.A. authorized.

Brite Liquid Laundry Detergent

Brite is a super thick and concentrated liquid laundry detergent which also contains a combination of whitening and anti-redeposition agents. Completely effective on a wide range of soils in a wide range of water temperatures. Brite is also effective in soft to medium hard water. May be used with an alkaline builder on extremely heavy soils. U.S.D.A. authorized.

Syner-Det HE

Liquid Laundry Detergent

This product is formulated for the newer high efficiency clothes washers. A small amount of product is used to clean even the toughest soiled clothing. Syner-Det HE can be used on all classifications of textiles and at all temperatures. With a combination of co-solvents and whitening agents this concentrated product exhibits maximum cleaning efficiency. Both

whites and colored textiles will come out clean and fresh smelling.

Regal Prespotter

This concentrated liquid is for use on heavily soiled and stained laundry items. It can be used in a presoak solution or applied directly to fabrics. Regal Prespotter effectively loosens soils for maximum cleaning efficiency in the laundry process. Safe on all fabrics.

BLEACHES

POWDERS

Addlor B-100 Chlorine Bleach

A concentrated, white, granular, powdered bleach with built in buffered pH for gradual oxidizing effect. Contains water softening agents and provides excellent whiteness and stain removal, including mildew. U.S.D.A. authorized.

Safety Bleach Oxygen Bleach

For use with a built detergent on the break or suds bath in any laundry operation where a safety bleach is desired. This dry, white, granular, oxygen bleach provides excellent stain removal with enhanced whiteness and brightness while being colorsafe on all washable fabrics.

FABRIC SOFTENERS

POWDERS

Elsie Powdered Fabric Softener

A blend of cationic surfactants with special lubricating properties. Pleasantly scented, Elsie Softener reduces static, fluffs up towels and makes diapers and other fabrics soft to the touch. Elsie Softener reduces wrinkling and decreases tumbling time.

Neutro Sour Blue

This powder is an economical yet perfect combination of highly neutralizing sour with completely controlled pH. Containing a blend of optical and fluorescent brighteners, Neutro Sour Blue is both highly effective on all fabrics and completely safe. Neutro Sour Blue dissolves quickly and is effective in all temperatures.

LIQUIDS

Soft 'N Fluffy Fabric Softener

A special liquid fabric softener concentrate that contains bluing for extra whitening power. Added to the final rinse, Soft 'N Fluffy leaves fabrics soft, bright and fresh smelling. Soft 'N Fluffy is safe on all washable fabrics.

LIQUID LAUNDRY INJECTION PRODUCTS

Starlite Built Liquid Alkali

Starlite is exceptionally effective in combination use with our liquid detergents for washing white and colored fabrics. This product is a concentrated silicated builder which will maximize soil removal and whiteness retention.

Alkalite Built Liquid Alkali

An exceptionally effective brown liquid silicated alkaline builder which maximizes soil removal and whiteness retention. Use with Starco's liquid laundry detergents to wash both whites and colored fabrics.

Alkaterge H.D. Laundry Detergent & Alkali Compound

Alkaterge is a combination laundry detergent and alkali compound designed primarily for cleaning medium to heavy soil classifications. Alkaterge combines a complete built detergent with anti-redeposition and whitening agents to form a highly effective cleaning atmosphere.

Syner-Det 370 Liquid Laundry Detergent

This liquid laundry detergent contains a combination of co-solvents and whitening agents and is a concentrated and effective washing product. Syner-Det 370 is economical and fully biodegradable.

Syner-Det 500 Liquid Laundry Detergent

Syner-Det 500 is an economical liquid laundry detergent which contains a cleaning system designed to cover all fabric and soil classifications at all temperatures. Syner-Det 500 combines synthetic detergents, co-solvents and whitening agents to produce a concentrated and highly effective laundering system.

Destainer

A ready-to-use, light yellow, liquid chlorine bleach. Destainer is made to be used on white laundry work that can withstand bleaching. Destainer gives excellent stain removal, including mildew, and provides excellent whiteness. Built-in alkalinity provides stability and exceptional shelf life.

CRT Safety Bleach

A liquid oxidizing agent for use as a bleach in laundry applications.

Cloraway Liquid Anti-Chlor

A clear, totally effective chlorine remover. Cloraway frees chlorine from all bleached fabrics. Containing dispersants and substantive brighteners, Cloraway prevents yellowing and fabric deterioration while increasing fabric brightness.

Fluff & Sour Softener & Sour Combination

This super efficient, viscosity controlled, pink fabric softener and sour imparts a smooth, soft finish to fabrics. Fluff & Sour reduces water retention in linens and other classifications which delivers greatly reduced drying time. Fluff & Sour eliminates "static cling" especially in synthetic blend fabrics. Fluff & Sour neutralizes residual alkali and is safe on all fabrics, white or colored.

Tru-Sour

Tru-Sour is a green, concentrated combination of highly neutralizing sour with complete controlled pH. This product is completely soluble and works easily in all temperatures. Containing a special blend of exclusive optical and fluorescent brighteners, Tru-Sour is safe and effective on all fabrics.

Rustex Liquid Laundry Sour

Rustex is a highly effective rust removing sour that is completely pH controlled. Rustex contains a blend of exclusive optical and fluorescent brighteners that are effective on most fabrics.

Fluff-It Liquid Fabric Softener

Fluff-It is a super efficient fabric softener that imparts a smooth soft finish to fabrics. Use of Fluff-It reduces water retention in linens and other fabrics thereby increasing extraction efficiency and shortening drying time. Fluff-It helps to eliminate "static cling" especially in synthetic blend fabrics.

Diasize Pumpable Liquid Laundry Starch

Diasize is a highly effective and efficient laundry starch that can be used wherever a good starching effect is desired. Diasize penetrates all synthetic and natural fabrics thoroughly and evenly leaving no highlights or streaks to mar the finish. Diasize speeds ironing and reduces soil and stain build-up while leaving all materials firm but flexible.

RESILIENT & HARD SURFACE FLOORS

LIQUIDS

FS-10 Floor Stripper

A powerful and economical non-ammoniated stripper. FS-10 will remove any floor finish, including metal cross-linked polymers. FS-10 is ammonia-free, pleasant smelling, non-toxic, non-flammable and non-corrosive and is especially suited for use in hospitals, nursing homes, schools and other public places. FS-10 is also available in an ammoniated form. U.S.D.A. authorized.

Fast & Easy No Rinse Stripper

Fast & Easy is a mop on - vacuum off stripper that requires no machine agitation but may be used in a machine stripping operation. Fast & Easy emulsifies and suspends even the most difficult floor finishes. The emulsified solution is vacuumed up leaving no residue so rinsing is not necessary. Labor and material costs are minimized by use of this highly effective and efficient stripper.

Kling-On Baseboard Stripper/Cleaner

Highly viscous product removes wax, dirt and finish buildups on baseboards and in corners. Kling-On puts the finishing touch on the stripping operation. This unique thick formulation allows Kling-On to adhere to vertical surfaces while it eats away at floor finish accumulations.

Dry Bright Floor Finish 18%

A metal, cross linked, polymer based floor finish which dries to an exceptionally high gloss without buffing. Dry Bright has tremendous depth of gloss and excellent wear properties. Dry Bright is easily repairable and buffable with New Life. Dry Bright may be recoated and is stripped quickly and easily.

Results! High Solids Floor Finish High-Ultra High Speed 20%

A spectacular floor finish containing crystal clear reactive polymers that dry quickly providing an incredible durable gloss. Results! goes on easily, levels with no marks or seams and produces a beautiful, high gloss. Results! can be maintained with high speed or ultra high speed burnishers for a

deep, wet look gloss. Spray buffing is also effective. Easily stripped when infrequently needed. Results! is safe underfoot with an excellent anti-slip factor. For the best results use Results! on your most difficult trafficked floors.

Summit Floor Finish - Ultra High Speed High Solids 25%

This polymeric floor finish is uniquely manufactured for use with ultra high speed floor maintenance machines. Summit has exceptional leveling and drying qualities. When used with ultra high speed burnishers, Summit produces a "wet look" finish that lasts and lasts. Dry buffing at ultra high speeds creates the shine and finish of the 90's. Excellent anti-slip rating. Summit is perfect for use in high visibility/high traffic areas.

Gem Stone Urethane Fortified Ultra High Speed Floor Finish

Gemstone is an urethane fortified floor finish that dries quickly to a high, deep long lasting shine. It is highly resistant to scuffing and soils, yet is easily repairable. Gemstone may be used on all resilient and hard floor surfaces. Gemstone may be buffed with low speed, high speed and ultra high speed burnishers to maintain the "wet look".

FLOOR CARE

Seal Brite Floor Sealer 18%

A great sealer or undercoat for all floor finishes and waxes. Seal Brite may be used on resilient tile, terrazzo and concrete floors. It seals all porous floors and eliminates powdering while helping to prevent staining. Seal Brite is highly resistant to water and alkaline cleaners. This odorless, non-flammable sealer will not yellow. May be used alone or with an overcoat. Seal Brite can be stripped when necessary.

Luster Plus

Neutral Floor Finish Cleaner

A concentrated, neutral pH, general purpose floor cleaner. Luster Plus is manufactured as a highly effective dirt and grime remover that will not harm or dull floor finishes. Perfect for maintaining high gloss finishes.

New Life Floor Finish Rejuvenator

A concentrated floor finish rejuvenator for use as a spray buff or finish restorer. Removes black heel marks, repairs scuffs and scratches while cleaning surface soils. New Life restores high luster to all floor finishes. New Life used in a floor care maintenance program greatly increases time between finish strippings and recoatings. May be used with ultra high speed burnishers and all other floor buffing machines.

Citraglo Scrub & Shine

Citraglo cleans, restores and maintains the "wet look" on all finished floors. The Citraglo film, which remains on the floor after use, is high or ultra high speed burnished. This results in an immaculate and exceptionally glossy floor. Citraglo restores thermal and urethane fortified finishes on all resilient and hard surface flooring. Citraglo can be used for scrubbing floors and is pleasantly scented with a natural citrus fragrance.

POWDERS

FC-31 Floor Cleaner

A highly concentrated alkaline powdered detergent for maximum cleaning efficiency in washing and degreasing floors of all types. Completely soluble in hot or cold water. FC-31 mops or brushes on freely to quickly solubilize and emulsify soils for easy and complete rinsing. FC-31 is effective in hard water and has a pleasant pine odor. U.S.D.A. authorized.

Crete-Clean

Concrete & Cement Cleaner

Crete-Clean is an industrial strength powdered cement detergent which delivers unparalleled cleaning of the dirtiest floors. Powers out the heaviest grease and oil spots from concrete surfaces. This product may be diluted and used in pressure washers to degrease heavy duty equipment. It also works well in automatic scrubbers to degrease runways and ramps. Always pre dissolve when using in an auto scrubber.

RUG & CARPET CLEANING PRODUCTS

LIQUIDS

Excel Carpet Cleaner

Our finest concentrated carpet cleaning liquid is made for use in a carpet extractor or as a prespotter. Excel's unique structure contains D-Limonene and is safe on all synthetic and natural fiber carpets. Excel leaves a pleasant aroma and dries with no residue. Will not harm gaskets or seals in carpet machines. Excel is extremely low foaming and is perfect for use in recirculating extraction carpet systems.

Pro Rug Shampoo

Pro rug and carpet cleaner is gentle on carpet materials. Controlled foaming quality acts to draw embedded soils to the surface of carpets for thorough removal. May be used with rotary Bonnet carpet shampoo machines. Pro restores carpets to their original appearance and luster while being an economical carpet cleaner and brightener.

Dirt Beater Enzyme Carpet Cleaner and Prespotter

Dirt Beater is an extremely effective carpet cleaner and spotter. Dirt Beater also contains a high concentration of friendly enzymes which actually "eat away" at the dirt or food that stains carpet and other fabrics. This double cleaning action guarantees that your rugs will come clean and that "spots" will not reappear. Odors are also eliminated via enzymatic action. Dirt Beater is used as a spotter and as a carpet cleaner with Bonnet machines or in a carpet extraction process.

De Foam

Extraction Foam Retardant

Concentrated and economical, De Foam halts the buildup of foam in recovery tanks. This defoaming action greatly increases the pick up capacity of carpet extraction equipment.

Green Key® Products

The Key to a Greener, Cleaner World

Green Key® Products provide a totally green housekeeping and floor care program. Competitively priced/high performing Green Key® EPA Safer Choice Approved Products are widely used wherever a cleaner, greener environment is desired or mandated.

DISINFECTANTS & CLEANERS

LIQUIDS

Diamond Deodorizer Disinfectant #160

Effectively cleans, deodorizes and disinfects in hospitals, nursing homes, schools, food processing plants, food service establishments, or wherever housekeeping is of prime importance. For disinfection and heavy duty cleaning of all inanimate hard surfaces. Deodorizes even the foulest of odors. Helps control mildew and bacteria growth. Effective against parvo. Available with lemon or pine fragrance and unscented. E.P.A. registered. **Dilution Rate: 4.5 oz./gl. water to disinfect.**

Mint Disinfectant 2000

Effectively cleans, deodorizes and disinfects in hospitals, nursing homes, schools, food processing plants, food service establishments, or wherever housekeeping is of prime importance. For disinfection and heavy duty cleaning of all inanimate hard surfaces. Deodorizes even the foulest of odors. Helps control mildew and bacteria growth. E.P.A. registered. This product is an effective disinfectant against H1N1. **Dilution Rate: 4.5 oz./gl. water to disinfect.**

Diamond Pine Odor Cleaner Disinfectant #5

This is a concentrated, broad spectrum cleaner, disinfectant and deodorizer designed for use

in all locations where housekeeping is of prime importance. It is formulated to clean and disinfect hard surfaces such as walls, floors, toilet bowls, chairs, public telephones, and garbage receptacles in hospitals, nursing homes, hotels, schools, stables and kennels. E.P.A. registered. U.S.D.A. authorized. **Dilution Rate: 2 oz./gl. water to disinfect.**

Diamond Cleaner Disinfectant #32

A cleaner, disinfectant and sanitizer which is designed for use in hospitals, nursing homes, hotels, schools, food processing plants and all institutions where housekeeping is of prime importance. When used in the recommended dilution ratios, Diamond Cleaner Disinfectant #32 exhibits effective disinfection activity vs. enterobacter aerogenes, Escherichia coli, Klebsiella pneumoniae and many other pathogenic gram negative and gram positive microorganisms, viruses, molds, mildews and other fungi. Diamond Cleaner Disinfectant #32, when used on hard, non-porous surfaces, prevents and controls mold and mildew and related odors. E.P.A. registered and U.S.D.A. authorized.

**Dilution Rate: 2 oz./gl. water to disinfect.
3 oz./gl. water for hospital
disinfecting.**

Diamond Disinfectant 1000

A highly concentrated quaternary disinfectant and sanitizer. Diamond Disinfectant 1000 is designed specifically for use in hospitals, food processing plants, dairies, restaurants, bars, nursing homes and other similar institutions. Diamond Disinfectant 1000 can be used as a rinse free sanitizer. Used in accordance with directions shows Diamond Disinfectant 1000 to be an effective bactericide and virucide in the

presence of 5% blood serum. This product helps prevent and control mold and mildew and the odors they cause. Diamond Disinfectant 1000 can be used as a sanitizer in the final sink of a bar glass washing operation. E.P.A. registered. This product is an effective disinfectant against H1N1.

**Dilution Rate: 1 oz./4 gl. water to sanitize.
3 oz./5 gl. water to disinfect.
3 1/2 oz./5 gl. water for
hospital disinfecting.**

Diamond RTU Sanitizer

Sanitizer for institutional and industrial use, school, dairy, restaurant food handling and processing areas, Federally inspected meat and poultry plants, bar and institutional kitchen use. This product is a ready-to-use 200 ppm active quat solution which eliminates 99.999% of most harmful bacteria in 60 seconds according to the AOAC Germicidal and Detergent Sanitizing Action of Disinfectants test.

Neutral 128

Neutral Disinfectant Cleaner

A phosphate-free formulation designed to provide effective cleaning, deodorizing, and disinfection for hospitals, nursing homes, hotels, schools, restaurants, and kennels. Neutral 128 controls cross-contamination and its neutral formulation is safe on most surfaces. Effective against HIV and Influenza. Authorized by the U.S.D.A. for use in federally inspected meat and poultry processing plants. This product is an effective disinfectant against H1N1. **Dilution Rate: 1 oz./gl. water to disinfect.**

Free N' Clear

Disinfectant Cleaner RTU

A ready-to-use spray disinfectant/cleaner. Effective against TB as well as all common organisms. Kills HIV-1 on all pre-cleaned environmental hard surfaces. Free N' Clear cleans surfaces while helping to control cross contamination. E.P.A. registered. This product is an effective disinfectant against H1N1.

DEODORANTS AND ODOR COUNTERACTANTS

LIQUIDS

Terrifico

A concentrated, lavender scented, general use detergent/cleaner that deodorizes and cleans all washable surfaces. No residue left, no rinse required. Mop on, let dry. Terrifico leaves a refreshing lavender scent.

Spectrum #20 Compactor Deodorizer and Odor Neutralizer

An Industrial odor counteractant that attacks the source of the malodor by cleaning and neutralizing. This product is not a mask and is utilized wherever odors must be neutralized especially in food service applications where foul odors must be eliminated. Ready-to-Use Window Cleaner

This ready-to-use, ammoniated blue cleaner delivers a shiny streak free finish on glass, mirrors, and other surfaces not harmed by water. Spray on and wipe off. Window Shine leaves no residue and dries streak free. U.S.D.A. authorized.

Windows N' More Glass Cleaner Degreaser n' Deodorizer

Uniquely formulated Windows N' More cleans and shines glass surfaces. Additionally however, Windows N' More dissolves tough oily and greasy soils. Spray on, wipe off all types of difficult soil. Let Windows N' More tackle your toughest cleaning chores. Windows N' More deodorizes all surfaces, leaves no film and does not streak.

Glass Pro Glass Cleaner

A ready-to-use, non-ammoniated blue cleaner that delivers a shiny streak-free finish on glass, mirrors, and other surfaces not harmed by water. Spray on and wipe off. Glass Pro is equally effective when applied in spray, wipe or squeegee operations.

Krystal Blue

Concentrated Glass Cleaner

This highly concentrated product makes more than 30 gallons of film-free, non streaking glass cleaner from just one gallon of concentrate. Quick, efficient and highly economical removal of soil from glass, mirrors, tile, porcelain, chrome and other surfaces not affected by water.

GREEN PRODUCTS

Green Key®

Green Key® Pink Foaming Hand Soap

Pink Foaming Hand Soap is the perfect environmentally safer product for daily and repeated hand cleaning. With a soothing, sudsing action Pink Foaming Hand Soap will

remove most soils and leave your hands smooth and soft. This product contains no harsh ingredients, will not dry out skin and rinses easily and completely. Pleasantly fragranced Pink Foaming Hand Soap is the preferred choice for you and the environment.

Green Key® Oxygenated Cleaner

Fortified with hydrogen peroxide, this colorless product cleans while removing odors from all washable surfaces. Removes a wide range of soil and stains. This Green Key product leaves no residue and is concentrated for economy.

- Removes stains & soils.
- Effective on oily soils.

Green Key® Neutral Cleaner Detergent

Green Key Neutral Cleaner Detergent is a turquoise colored, neutral floor and all purpose cleaner that can be used on all surfaces. Dilute, mop and let dry. Cleans and restores gloss to floors.

- Removes normal soils.
- Concentrated.
- Freshly scented.
- Film free.
- Safe on granite & marble.

Green Key® Glass & Hard Surface Cleaner

Use Green Key Glass & Hard Surface Cleaner on all surfaces unharmed by water. Green Key Glass & Hard Surface Cleaner will leave glass spotless and sparkling. Green Key Glass & Hard Surface Cleaner also helps repel soil. Available RTU or concentrated.

- Film free-streak free. • Rapid drying.
- Removes fingerprints and environmental soils.
- Contains no ammonia, alcohol or perfume.
- Contains vinegar for improved cleaning.
- Blue in color.

Green Key® All Purpose Cleaner

This unique product is manufactured without solvents or alkalis. Green Key All Purpose Cleaner is tough on soil, safe for the user and for the environment.

- Penetrates & removes a wide variety of environmental soils.
- Safe on all surfaces unaffected by water.
- Free rinsing, leaves no residue.
- Contains no dangerous solvents.
- Concentrated.
- Pleasantly scented.
- Pink in color.

Green Key® Floor Finish Stripper

Low odor, colorless, powerful with quick penetration yet safe for the user and for the environment. Green Key Floor Finish Stripper will dissolve multiple coats of floor finish and float emulsified finish to the surface where it

can easily be picked up with a mop or vacuum. This is the preferred stripper for health care facilities, schools and institutions where green cleaning is of prime concern.

- Concentrated.
- Low odor.
- No rinsing required when vacuumed up.
- Excellent for removing multiple coats of finish.
- Works quickly.

Green Key® Environmentally Responsible Floor Finish

Starco's Green Key Floor Finish is a zinc free, high solids combination finish/sealer. This product meets or exceeds Safer Choice standards, and is totally biodegradable. Use Green Key Floor Finish on all resilient and hard surface flooring.

- Maintain with any speed floor machine.
- Can be restored with spray buff to UHS burnishing.
- High initial gloss.
- Excellent laydown, leveling and durability.
- Rapid drying, easily removed when needed.

Green Key® Bowl Cleaner

This safe, organic acid bowl cleaner is environmentally preferred over other harsh acid based products. Safe for the environment and for the user. Green Key Bowl Cleaner will remove unsightly stains, soil and mineral scale. Green Key Bowl Cleaner can also be used to remove scale from drinking fountains and around sink drains, etc.

- Contains safe organic acids and other environmentally preferred ingredients.
- Cleans and deodorizes. • Will not fume.
- Safe on most surfaces. • Green in color.

Green Key® Bathroom Cleaner

Use on all bathroom surfaces. Cleans and removes stains from porcelain, china, stainless steel, chrome and fiberglass.

- Contains safe organic acids & acid replacement ingredients.
- Removes stains & soil.
- Buffered for use on metals.
- Lightly scented. • Red in color.

Green Key® Heavy Duty Cleaner Degreaser

Now with one product you can clean, degrease and deodorize. Green Key Heavy Duty Cleaner Degreaser works on all surfaces unharmed by water. Use this product daily for all your cleaning chores.

- Mild deodorizing scent from natural essence.
- Concentrated for economy.
- Pleasantly scented.
- Free rinsing, leaves no residue.
- Golden yellow in color.
- Cleans and degreases.

COST CUTTER DILUTION CONTROL PRODUCTS

The Cost Cutter Dual Flow Dispenser easily and effortlessly fills trigger spray bottles @ 1 GPM, mop buckets and auto scrubbers @ 4 GPM and also will dispense clear rinse water. Now you can provide accurate dilution with a minimum of fuss. With Cost Cutter you get the lowest possible in use cost per gallon. Cost Cutter products are highly concentrated and are extremely high performing.

COST CUTTER

#1 Glass and Hard Surface Cleaner

This is a very effective, slightly ammoniated, concentrated product. When diluted, #1 cleans and turns glass and mirrors into sparkling, streak-free, objects of beauty. Effective as a hard surface cleaner on all surfaces unharmed by water. Rapid drying, #1 removes tough road film, fingerprints and all normal soils. No haze, no streaks, just clean glass! Concentrated: 1/2 gallon makes 15 gallons of RTU solution— enough for 60 trigger sprayer quarts of glass cleaner

#2 Purple Cleaner and Degreaser

This purple concentrate gets the tough jobs done quickly and effortlessly. Hundreds of uses! Cleans and degreases all water-safe surfaces. Spray on. Mop on. Sponge on. Regardless of how applied, #2 will provide the cleaning you can expect from a premium degreaser. Easily rinsed; use with hot or cold water. Cleans simple soils to tough oily and greasy soils. Concentrated: 1/2 gallon makes 32 gallons of RTU solution – enough for 128 trigger sprayer quarts of degreaser.

#3 No Rinse Floor Cleaner

Very highly concentrated for terrific economy. This product will amaze you. From cleaning floors to ceilings and everything in between,

#3 gets the job done with little effort. Totally neutral; won't affect floor finish. No laborious rinsing; just mop on, let dry. #3 also contains a deodorant and optical brighteners for enhanced cleaning and light deodorizing. Concentrated: 1/2 gallon makes 128 gallons of RTU solution – enough for 43 mop buckets of neutral floor cleaner.

#4 Lemon Quat 256

A super concentrated, all purpose, neutral, hospital grade disinfectant/deodorant. #4 not only disinfects all water-safe surfaces but also deodorizes with a very pleasant tangy lemon scent. Cleans and disinfects floors, all bathroom surfaces, walls, table tops, patient rooms, etc. Perfect for nursing homes, hospitals, schools, restaurants, food processing plants. Concentrated: 1/2 gallon makes 128 gallons of RTU solution – enough for 43 mop buckets of disinfectant.

#5 New Age Odor Counteractant

Tough malodor problems? Trash compactor odor problems? #5 will not only mitigate those odors but will neutralize the area leaving a very pleasant nondescript scent. This is a true odor neutralizer. Unlike deodorants that mask odors, #5 attacks the odor source and neutralizes the offending odor molecules. Use wherever malodors exist. Concentrated: 1/2 gallon makes 16 gallons of odor neutralizer – enough for 64 trigger sprayer quarts of odor neutralizer.

#6 Non Acid Bathroom Disinfectant/Deodorizer/Cleaner

A wonderful all around bathroom cleaner. Concentrated for economy, #6 gets the ugly bathroom jobs done with no fuss. Use on all surfaces including urinals, toilet bowls, countertops, partitions, floors and metal fixtures. With a nice mild scent, and blue in color, #6 keeps on working long after applied. Concentrated: 1/2 gallon makes 128 gallons of RTU solution – enough for 43 mop buckets of floor disinfectant or 512 trigger sprayer quarts of spray surface cleaner/disinfectant.

#7 Mild Acid Bathroom Cleaner

Shower stalls, bath enclosures and fiberglass partitions are just a few surfaces that become clean with #7. Cleans and removes hard water scale, soap scum and body oils from all water-safe surfaces. Contains a safe, mild acid for rapid penetration and quick removal of soil. Easily rinsed; pleasantly scented. Concentrated: 1/2 gallon makes 16 gallons of RTU solution – enough for 64 trigger sprayer quarts of bathroom cleaner.

#8 Lavender Room Air Freshener

A powerful scent that is for your most severe malodor problems. Excellent for use in trash recycling operations, trash compactors, waster transfer stations and locker rooms. Reduces odors resulting from water and fire restoration. Can be added to carpet cleaning products to deodorize carpets. Excellent for use in gym locker rooms. Use anywhere malodors are a problem. Concentrated.

HAND SOAPS

LIQUIDS

Pink Star Liquid Hand Soap

Pink Star is an economical, pink, liquid hand soap that produces substantial lather for easy, effective hand cleaning. Pink Star is ideal for use in all types of pump or plunger dispensers in lavatories, office buildings, hotels, schools, factories and restaurants.

A concentrated liquid bathroom cleaner. Brilliant Green renovates, rejuvenates, and brings back the original beauty of hard non porous surfaces. Removes stains, soap and lime films, scum, body oil, and general soil from surfaces including terrazzo, ceramic tile, marble, fiberglass, acrylic, chrome and other bright work.

Home Run Alkaline Drain Opener

Non-acid drain opener and conditioner. Keeps drains free flowing. Saves time and costly plumbing repairs. Easy to use. Safer than acid drain products and more effective than enzymes. Cuts through the most severe blockages.

AEROSOLS

Vision Glass & Hard Surface Cleaner

A foaming, non-streaking, non-ammoniated glass and mirror cleaner in the convenience of an aerosol. May be used as a cleaner and polish for all hard surfaces.

Aqua Shine Stainless Steel Cleaner (Water Base)

A water-based, greaseless foaming stainless steel cleaner and polish, with no residual odor. Aqua Shine can be used to clean and polish all metallic and porcelain surfaces. U.S.D.A. authorized.

Quick Shine Stainless Steel Cleaner (Oil Base)

Cleans, polishes and protects stainless steel, plastic, plexi-glass, formica and porcelain surfaces. Non-acid, non-corrosive and non-abrasive, Quick Shine leaves a slight mint fragrance with no oily build up. Available in liquid as Lazer Shine.

Lemon Glo Furniture Polish

Cleans, waxes and polishes while leaving a pleasant lemon fragrance. No wax build up. This aerosol dusting product moisturizes finishes while helping to resist soils and to repel water.

Hospi-Spray Hospital Grade Disinfectant

A disinfectant deodorizer spray for use on toilet seats, diaper pails, bed pans, sink tops, garbage pails, public telephones, door knobs and all other inanimate hard surfaces. Kills Staphylococcus aureus, Salmonella choleraesuis and Pseudomonas aeruginosa. E.P.A. registered and U.S.D.A. authorized.

Grease Out Oven & Griddle Cleaner

Safely removes carbonized food soils and grease from grills and oven surfaces. Foaming action lets Grease Out cling to vertical and "upside down" surfaces. A must for oven cleaning. Pleasant sassafras fragrance. U.S.D.A. authorized. Available in liquid as Supurb.

VEHICLE & MAINTENANCE PRODUCTS

LIQUIDS

Jet Steam Steam Jenny *All Purpose Degreaser*

A concentrated, all-purpose cleaner designed for use in a steam jenny or high pressure washer. Cuts through and dissolves road grease, grime and dirt. Emulsified soil and grime rinse easily with clean water.

Crystal Professional Car Wash

A pink highly concentrated, high foaming liquid intended for use in automatic dispensing equipment. May also be used in hand car washing. Effective in the removal of road grease and grime but will not harm paints or finishes. Non streaking.

Crystal LC Soap *Car Wash Detergent*

A high foaming, liquid concentrate intended for use with automatic dispensing equipment or in hand car washing. Effectively removes road grease and grime without harming paints or finishes.

Crystal Triple Polish Wax

An economical product made for use in automatic car wash systems. Concentrated plating characteristic reduces product usage while delivering enhanced beading for quick and easy drying.

Crystal Pine Powdered Tire Cleaner/Prep *Liquid Tire Cleaner*

A green liquid white wall tire cleaner for use in car wash facilities. Spray or brush on and rinse. Leaves white walls dazzlingly white. Will not pit aluminum, alloy wheels or hub caps.

Orange Solve Citrus Solvent *Cleaner Degreaser & Deodorizer*

A highly concentrated cleaner and degreaser made with natural, biodegradable materials. Cuts through and dissolves road grease, grime and dirt. Emulsified soil and grime rinse easily with clean water. Orange Solve adds a pleasant citrus fragrance to malodorous areas.

Relkem "99" All Purpose Non-Butyl *Cleaner & Degreaser*

An all purpose, non-butyl, non-corrosive liquid cleaner intended for use on all surfaces not harmed by water. This high powered cleaner ensures the removal of all types of grease, dirt, wax and soils even under the toughest industrial conditions. Relkem "99"'s wetting, penetrating, lifting and cleaning qualities are unsurpassed. U.S.D.A. authorized.

Dyno All Purpose *Cleaner & Degreaser*

A concentrated heavy duty, low foaming cleaner and degreaser. Dyno is effective on all types and degrees of soil. Dyno can be used to clean the most difficult areas and also the most delicate. When used in accordance with instructions, Dyno is safe on all indicated surfaces. Works well in all water hardness conditions. U.S.D.A. authorized.
