Sani-Tyze® Food Contact Surface Sanitizer

Item # SPAR564327

A ready-to-use quaternary-based food contact surface sanitizer, cleaner, and deodorizer.

-  Kills 99.999% of targeted bacteria on hard surfaces in food-related areas in 1 minute.
-  Formulated and packaged for maximum economy and convenience wherever food is processed, prepared, served or eaten. It is easy to use, store and distribute.
-  Ready-to-use package provides: 1) maximum performance; 2) an economic option (no mixing, waste, or spills); 3) proper, up-to-date labeling that meets legal labeling specifications; and 4) easy to read and follow directions right on the bottle.
-  The formula is mixed to precise specifications, providing consistent quality and superior performance at minimal cost. Simply spray Sani-Tyze on clean, hard surface and let dry! Store anywhere for convenience and easy of distribution.
-  12 32 oz. bottles and 2 triggers per case.
