

TB-Cide Quat® Disinfectant

Item # SPAR540773

A quat-based one-step cleaner and disinfectant with EPA confirmed 1-minute kill claim for use against SARS-Cov-2 (COVID-19)

- ▶ EPA-confirmed to kill the virus that causes COVID-19 in just 1 minute.
- ▶ The 1-minute kill time makes this Spartan product an excellent option for disinfecting throughout the day—compared to the average 5-10 minutes contact time required for most products.
- ▶ A ready-to-use, intermediate level, one step cleaner and disinfectant for use in hospitals, nursing homes, schools, and anywhere infection control is of prime importance.
- ▶ Quat-based with a pH of 12.0-12.5.
- ▶ 12 32 oz. bottles and 2 triggers per case.
