

BIONATURE® MFPP Hinged Microwave-Safe Containers—Gray 7x7, 1-CP

Item #PLAS171722

These microwavable, hinged containers are more sustainable by using less plastic while providing a high-quality container.

- ▶ Composed of polypropylene and calcium carbonate, they help promote your sustainability goals and enhance your brand's eco-friendly image.
- ▶ Ideal for hot and cold foods, and safe for use in microwaves.
- ▶ High resistance to large food capacity.
- ▶ Two-tab closure and stackable for better deliveries.
- ▶ Resistant to steam, humidity and grease. Also resistant to odor and flavor transfer from food.
- ▶ 7x7, 1 Compartment, 2 tabs. 4 packs of 50 per case. 200 units. Also available in 3-compartment.
