

February 27, 2025

Dear Valued Customer:

Placon works diligently to manage all costs associated with the procurement and manufacturing of our packaging. However, due to inflationary pressures we continue to see escalating costs in multiple areas of our business that we can no longer absorb.

Due to these rising costs, Placon Corporation must increase prices for our plastic packaging as follows:

- Thermoform PET 5%
- Injection-Molded PP 5%

All orders received on April 1, 2025, or after will be subject to the price increase.

“Buy-Ins” will not be accommodated. Only orders based on normal purchase patterns will be honored. Please contact your Placon sales representative with any questions.

We appreciate your ongoing business and thank you for your continued support and understanding.

Sincerely,

Justin Stovall
Vice President, Sales
Placon Corporation
