Dear Valued Customer,

On February 1, 2025, President Donald J. Trump announced US is implementing a 25% additional tariff on imports from Canada and Mexico and a 10% additional tariff on imports from China. Energy resources from Canada will have a lower 10% tariff, because the extraordinary threat posed by illegal aliens and drugs, including deadly fentanyl, constitutes a national emergency under the International Emergency Economic Powers Act (IEEPA) Until the crisis is alleviated:

Effective February 4, 2025, Customs and Border Protection (CBP) will begin collecting 10 percent tariff on all goods in US imports from China that are on board after 2-1-2025 and arriving before 3-7-2025.

This policy has impacted our paper products including paper tissue, paper towels, paper napkins, toilet seat cover, and dispenser products. We are monitoring this situation closely and will provide updates as China is negotiating with US.

Thank you for your continued support of Teh Tung Corp.

Sincerely,
