

May 15, 2025

Dear Valued Customer,

Recently announced tariffs implemented on imported goods into the United States make it necessary to announce a price increase on several product categories. We continue to work to mitigate cost increases directly related to tariffs across the supply chain. Inno-Pak is committed to and will collaborate with you, our customer, to abate price fluctuations where possible.

**UPDATE: Due to the 90 day pause announced by the US government related to reciprocal tariff rates on Chinese imports, revised pricing is attached.**

Orders placed for shipment on or after June 2nd, 2025, will be invoiced at the new updated costs. All orders will be reviewed to not exceed historical usage quantities. All orders are subject to a standard two-week lead time.

All contract pricing will increase based on terms of agreement.

As an alternative to imported products, our sales representatives are prepared to discuss our Inno-Pak

**Made In the USA** product manufacturing capabilities including:

- Paperboard Takeout Containers
- Bakery/Deli Cartons
- Soup Cups and Lids
- PP Rigid Clamshells
- Plastic Takeout bags
- Molded Fiber
- Paper Plates and Bowls

We appreciate your continued support of Inno-Pak, thank you for your business.

Should you have questions please contact your Inno-Pak representative.
