Blairsville, GA 30512

Dear All Florida Paper Team,

I hope this message finds you well.

I wanted to take a moment to inform you that, due to the significant increase in tariffs imposed in March and April, CP Retail has absorbed as much of the added cost as possible over the past several months. We've done everything we can to shield our partners from the full impact, including covering the cost difference internally where feasible.

However, with the most recent tariffs now reaching 50%, it has become increasingly difficult to sustain without adjusting our pricing. Despite our best efforts, we will need to implement an **18% price increase** on both past and future orders moving forward.

Please know that this decision was not made lightly, and we have carefully reviewed all options before taking this step. Our goal remains to continue providing you with high-quality products at the most competitive pricing possible under the current conditions.

We truly value your partnership and appreciate your understanding as we navigate these market challenges. Should you have any questions or if there's anything we can do to assist during this transition, please don't hesitate to reach out.

Sincerely,

Chris Palmer
Vice President of Sales
