Price Change Announcement

To Our Valued Customers:

Recently imposed tariffs have elevated the costs of producing and procuring goods. ACR continues to closely monitor the geopolitical landscape while actively collaborating with supply and trade partners to minimize cost increases. While we remain committed to absorbing as much of the impact as possible, the current market conditions have made it necessary to adjust product pricing as outlined below, effective on orders departing from their origin port on or after August 7, 2025.

Price Increase¹:

- All Imported Products¹ Sourced Outside of North America and China²: **up to 10%**

¹Aluminum products are excluded from this price increase.

²China tariffs temporarily held at existing levels for 90 days amid ongoing negotiations.

ACR continues to take a proactive stance on all anticipated government actions to mitigate risk for our customers wherever possible. Our partner negotiations and best-in-class sourcing strategies will be ongoing as geopolitical headwinds remain on the horizon and global trade relationships are reshaped.

Your ACR sales representative will provide a detailed listing of orders impacted by this increase and detailed price lists showing item level price changes. Our goal is to be the most competitive source for all your food service and jan/san essentials along with our unparalleled customer service. Please do not hesitate to contact your sales representative if you have any questions or require further information. We truly appreciate your continued support of our organization.

Sincerely,

Lou Magnelli

Lou Magnelli
