February 5, 2026

TO OUR VALUED CUSTOMERS:

Unistar is implementing a 6% increase for all plastic products effective with new orders placed beginning February 23rd. This increase is a result of rising plastic resin costs. This resin increase has been confirmed by both IHS and CDI reporting groups. For contract customers, we will continue to follow the requirements of each contract.

Only normal monthly orders will be accepted. Your Unistar Sales Manager or Customer Service Representative can assist you in determining your monthly usage.

We appreciate and value the business that you share with us. We continue to strive to provide exemplary customer service efficiently.

Sincerely,

A handwritten signature in black ink that reads 'Donald J. Ward'.

Donald J. Ward  
Director of Sales & Marketing
