**Dear All Florida Paper Team,**

This letter is to inform you of an upcoming price adjustment for our bleach products, effective **May 1<sup>st</sup>, 2026**. Due to the ongoing conflict in the Middle East, global petroleum prices have increased significantly, along with the cost of plastic packaging, both of which are essential components in our production process. These increases have directly impacted on our manufacturing and overall supply costs.

Despite our continued efforts to absorb these expenses and maintain existing pricing, the sustained rise in raw material and packaging costs has made this adjustment unavoidable.

Please be assured that we remain fully committed to providing high-quality products at the most competitive price possible. We will continue to closely monitor market conditions and take every reasonable step to minimize the impact on our valued customers.

All orders picked up on or before **April 30, 2026**, will be honored at current pricing.

Thank you for your understanding and continued partnership.

Sincerely,

---
