

March 26, 2026

Dear Valued Customer,

We are writing to inform you of an upcoming price adjustment. Effective for **deliveries that occur on or after June 1**, prices for our products will increase by **5%**.

This decision was not made lightly. Over the past several months, we have experienced sustained increases in key input costs, including raw materials, freight, and energy, among other factors. Despite our ongoing efforts to manage these pressures through operational efficiencies and cost controls, these increases now require a pricing adjustment to ensure we can continue to reliably supply you with the quality products and service you expect.

We value the strong relationships we have built with our customers and remain fully committed to supporting your business. Our team is available to discuss this change in more detail and to work collaboratively on any questions or planning needs you may have.

Thank you for your continued partnership and understanding. We appreciate your trust and look forward to our continued success together.

Sincerely,

Matt Kocian
