

May 22, 2026

Notice of Price Increase: June 22, 2026

Despite our recent price adjustment effective January 1, 2026, we continue to experience increases in raw material costs. These increases reflect sustained market conditions affecting key raw material inputs across our supply chain. We recognize the impact of multiple adjustments within a short timeframe and do not make this decision lightly. These ongoing pressures have reached a level that can no longer be offset through internal efforts alone. As a result, Bedford Industries will implement a 3% price increase.

Given this advance notice, you are welcome to place orders consistent with your purchase history. Orders placed prior to June 22, with ship dates aligned to standard lead times, will be honored at current pricing. Please note that order volumes inconsistent with historical purchasing patterns may be subject to review.

Please contact your Bedford representative to obtain updated pricing or discuss any specific questions. We appreciate your continued partnership and thank you for your business and trust in Bedford Industries.

Sincerely,

Bedford Industries

Katie L. Larson, Vice President, Sales & Marketing
