RE: Price Increase Announcement

To Our Valued Customers:

While we continue to collaborate closely with our supply partners to mitigate increases, costs continue to rise in materials other than paperboard, impacting manufacturing costs. We remain committed to absorbing as much of these expenses as we can, however, current market conditions require the adjustments outlined below for our product lines sold within the United States, effective June 7th, 2026.

Price Increase

- All Domestic Manufactured Products (Stock and Custom): 8%

Please refer to page 2-5 of this notice for a list of stock items that will be impacted by the increase. The increase will go into effect on all deliveries and pickups made on or after June 7th, 2026, regardless of when the order is placed.

In order to better serve all of our customers, we are asking everyone not to exceed typical order patterns. We will not be able to honor buy-in orders prior to the increase.

For stock customers, your new pricing will be sent to you via email from your Account Manager within the next few weeks. For custom items / accounts, your SCT representative will be contacting you to review the details of your pricing.

We cannot thank you enough for your loyal support. We invite you to contact your local Account Manager, should you have questions. We sincerely appreciate your business, and please rest assured that we at SCT are doing everything possible to contain costs.

Sincerely,

Ross Farren
Senior Director of Sales

Stock Items Increasing on June 7th, 2026
