

June 5, 2026

Dear Valued Customer:

Thank you for your continued partnership with Fischer Paper Products. We appreciate your understanding as we navigate market conditions along with you and address rising costs.

As these market conditions continue to evolve, we are experiencing sustained increases in all areas: raw materials (untreated and treated papers, laminates, resin-based materials, adhesives, and inks), transportation, and energy. While we have worked to absorb these impacts where possible, an adjustment is necessary to maintain the quality, reliability and service you rely on from Fischer.

Orders placed on or after July 6, 2026, will be subject to an increase of 10% on all products. Certain product categories may receive an additional increase based upon the variable impact of the cost increases noted above. We have taken a measured approach with the goal of minimizing disruption while continuing to deliver consistent value.

To support a smooth transition for all customers, we will fulfill orders reflecting normal purchasing patterns and are unable to accommodate advance buys. For customers with guaranteed pricing, contract pricing will be reviewed and adjusted in accordance with applicable agreement dates and terms.

Fischer remains committed to being a responsive, dependable partner to your business. We value the opportunity to support your business and recognize the trust you place in us as your supplier.

Sincerely,

Tina Clark - National Director of Sales & Service
