

July 15, 2026

Dear Valued Customer,

Ongoing global and domestic developments continue to have a direct and rapidly increasing impact on the global supply of paperboard, resin, transportation costs, and other raw materials, among other things, used in the production of packaging materials. GPI has been monitoring the developments which impact many of our products, each of which is beyond our control, and has been assessing the implications for our customers. Due to these sustained increases, it will be necessary to adjust pricing for GPI products to account for the effects of such increases on our products:

The schedule of the price increase is as follows:

All Plastic Products	8%
All Paper Products	8%

The effective date of this increase will be September 1, 2026. We are currently in the process of updating your Price List.

All orders received on or prior to August 21, 2026 will be accepted at your current pricing levels, provided the order quantity is not more than two weeks of your historical usage and provided further that the product ships no later than September 14, 2026. Additionally, we will not be able to accommodate buy-in's at this time, and all Competitive Price Agreements (POD's) will increase in accordance with their applicable agreement terms.

Please contact your local Graphic Packaging International Sales Representative with any questions you may have.

As always, we appreciate your business and continued support.

Sincerely,

A handwritten signature in blue ink, appearing to read "Craig Glaser".
