10	Honda CR-V	2020	1.09%	118,052	1,291	SUV

*The minimum threshold for the Top 10 Most Stolen Vehicles in 2023 – Ranking by Theft Frequency lists is 50 thefts per make/model. 'Highest Theft Rate/Frequency Model Year' is based on a threshold of a minimum of 10 thefts. 'Theft rate/frequency (%)' is based on the '# of Insured Vehicles' of a particular make/model, compared to the '# of Thefts' for that same vehicle make/model. For example, of the 2,507 Jeep Gladiators insured in 2023, 109 were stolen, which is a theft rate/frequency of 4.35%. Some vehicle models of the same make and type have been grouped together as a series where similarities are present in the vehicle's characteristics to capture trends in auto theft.
