## Statements:

- Sheep / goats on the holding are not under movement restrictions for animal disease or public health reasons (excluding 6 day standstill)
- Withdrawal periods have been observed for all veterinary medicines and other treatments administered to the animals while on this holding and previous holdings.
- To the best of my knowledge the animals are not suffering from any disease or condition that may affect the safety of the meat derived from them.
- No analysis of samples taken from the animals on the holding or other samples has shown that the animals in this consignment may have been exposed to any disease or condition that may affect the safety of the meat or to substances likely to result in residues in the meat.
- To the best of my knowledge the livestock supplied are not cloned animals or the first generation offspring of cloned animals.
- I declare that this batch of lambs sold to Woodhead Brothers have resided on a Farm Assured holding for 60 days, but have resided on the above holding for a minimum of 30 days.
- I declare that these lambs conform to PGI status requirements, please tick as applicable:
- Born and reared in Scotland, less than 12 months old and not been bred from. ☐
- Born and reared in Wales, less than 12 months old and not been bred from. ☐

I, the undersigned, have read the FCI statements above and I declare that all animals in this consignment satisfy it's conditions:
