

## Hydraulic Helm Pumps

Unmatched comfort and control, only with SeaStar Steering. The world's most popular outboard hydraulic system offers smooth, no feedback and super-efficient steering for single- and multi-outboard engines up to 350 HP (700 HP combined for counter rotating twins) and for speeds up to 60 mph (97 km/h). It's the OEM Choice for center consoles, cruisers and more.

Part no.	Description
40-0116-052	Hydraulic Helm Pump, Rear Mount, 2.4 in <sup>3</sup>
40-0116-054	Hydraulic Helm Pump, Front Mount, 2.4 in <sup>3</sup>
40-0116-056	Hydraulic Helm Pump, Classic Tilt, 2.4 in <sup>3</sup>
40-0116-131	Hydraulic Helm Pump, Sport Tilt Plus, 2.4 in <sup>3</sup>
