About This Course

This course introduces learners to the basics of Arabic with a focus on the language of the Quran. Inspired by Nouman Ali Khan's Dream Programme, this beginner-friendly intensive course emphasises practical understanding of Quranic vocabulary and sentence structure over rote memorisation. The programme is designed to help you build a direct and personal connection with the Quran through a clear, simple and structured approach to learning.

Target Participants

Adults who are beginners in Arabic and eager to deepen their understanding of the Quran. This programme is ideal for lifelong learners who wish to engage with the Quran directly, whether they are starting from scratch or revisiting Arabic after a long break.

Objective

- Develop foundational understanding of Quranic Arabic.
- Build the ability to analyse and comprehend Quranic sentences.
- Enable practical application through direct Quranic engagement.

Learning Outcomes

By the end of this course, students will be able to:

- Understand and break down simple Quranic sentences.
- Identify key vocabulary and grammatical elements.
- Recognise the main word types in Arabic.
- Translate short verses with basic accuracy and begin exploring Quranic Arabic independently using simple analysis tools.

Learning Methodologies

1. Each class includes guided practice drills to reinforce learning and improve retention, ensuring concepts are applied and remembered.
2. Quranic examples in every lesson.
3. The programme prioritises understanding how Arabic works in the Quran, focusing on the practical application.
