About This Course

This comprehensive 4-hour module, part of our Islamic Finance Series is designed to provide participants with a thorough understanding of Zakat, one of the fundamental pillars of Islam. The programme delves into the spiritual significance, core concepts and practical application of Zakat in contemporary life.

Objectives

Upon completion of this course, participants will be able to:

- Understand the meaning, importance and wisdom behind Zakat.
- Identify the conditions that make Zakat obligatory.
- Recognise the types of wealth upon which Zakat is due.
- Comprehend the concepts of Nisab and Haul.
- Identify the rightful recipients of Zakat as outlined in the Quran.
- Perform basic calculations of Zakat on common assets.
- Appreciate the role of Zakat in individual purification and societal development.
- Discuss contemporary issues related to Zakat.

Learning Outcomes

By the end of this module, participants will be able to:

- Articulate the spiritual, social and economic dimensions of Zakat.
- Confidently determine if Zakat is obligatory upon them based on Nisab and Haul.
- Distinguish between Zakatable and non-Zakatable assets.
- Accurately list and describe the eight categories of Zakat recipients.
- Perform Zakat calculations for their personal wealth (cash, gold, silver) and basic business assets.
- Understand the channels for Zakat payment and distribution.
- Engage in informed discussions about the application of Zakat in modern contexts.

Who Should Attend?

- All adult Muslims seeking to understand and fulfill their Zakat obligations correctly.
- Individuals interested in learning about Islamic financial principles.
- Community leaders and workers involved in social welfare.
- Students of Islamic studies or finance.
- Anyone wishing to deepen their knowledge of this vital pillar of Islam.
