## TARGET PARTICIPANTS

Children aged 9–16 who are eager to discover robotics, coding and engineering through fun, hands-on learning.

## ABOUT THE TEACHER

Teacher Mohamad Mamdouh combines his expertise in IT and Cyber Security with a passion for inspiring young learners through engaging, hands-on STEM activities.

Gain hands-on experience with coding, robotics and engineering concepts.

Limited to 6 participants only for a personalised hands-on learning experience.

Perfect for students who enjoy building, creating and exploring technology through robotics and STEM activities.
