Entrance Doors

Our entrance doors are perfectly matched to our windows and sliding doors. This creates a harmonious overall concept from both the inside and outside that meets your needs and tastes. To help you customize your front door even further, we offer a wide range of accessories and equipment options for our entrance doors and passive house entrance doors.

You can choose from a variety of handle bars or handles for your front door. A fitting variant of the door lock with a security escutcheon promises even greater security. Choose from a range of door hinges in different colors. On request, we can equip your entrance door with a practical code or fingerprint system. That way, you'll never forget your keys again.

Side Entrance Doors

OPTIWIN side entrance doors offer the perfect combination of natural flair, modern aesthetics, and maximum energy efficiency. Made from wood or wood and aluminum, these doors bring nature right into your home while protecting against cold, heat, and moisture. They are designed to match the corresponding OPTIWIN window system, creating a harmonious overall concept.

For the highest energy requirements at passive house or low-energy levels, the linear side entrance doors offer an ideal and visually attractive solution for your home.
