FOUNDER'S MESSAGE

At Vivitsa, we believe in Fearless Education, where learning liberates rather than confines. True learning happens when children feel free to wonder, question, and express without fear of being wrong. When they speak up, take initiative, or try again after failing, they grow in confidence and courage, discovering the strength to learn, to lead, and to be themselves.

OUR CORE VALUES

Education extends far beyond academics. It's about nurturing a sense of self, responsibility, and purpose in every child.

These values form the cornerstone of Fearless Education. They shape how we teach, how we interact, and the very rhythm of school life. Every day, through simple yet intentional practices, they come alive in our classrooms and corridors.

• COURAGE

Courage at Vivitsa is the confidence to express, to question, and to stand by one's truth. Whether it is through the Feelings Box, the Feedback process, or the opportunity to voice one's thoughts in class discussions, we help our students find their voice and use it with empathy and respect. We believe that true courage lies not in being fearless, but in being authentic — in daring to show up as oneself.

• HONESTY

We see honesty as the foundation of trust — a value that binds our entire community. Our open systems, such as self-managed inventories, student-led library practices, and transparent feedback mechanisms, are designed to cultivate integrity in both action and thought. At Vivitsa, honesty is not merely taught; it is practised, trusted, and celebrated across every level of the school

• SELF-RESPECT / SELF-WORTH

A deep sense of self-worth is essential for confidence and compassion to flourish. Through practices like the Good Deed and My Day journals, Gratitude Charts, and the recognition of every member of our community, from teachers to drivers, we instill a quiet pride in one's effort and contribution. Children learn that self-respect is not derived from comparison, but from the knowledge that their presence, voice, and work hold meaning.

• GROWTH

Growth, to us, is a continuous process of learning, reflecting, and striving. Our curriculum encourages inquiry through open-ended questions, creative explorations, and real-world connections. Beyond academics, our emphasis on sports, the arts, and life skills ensures that each child discovers their potential in multiple dimensions. At Vivitsa, growth is not a race, it is a journey of purpose and perseverance.

WHAT DID WE BREW THIS MONTH?

TEACHER'S DAY: THANKS, NOT THINGS

September 4, 2025

Student leaders honoured teachers through heartfelt performances and creative badges. The celebration emphasized gratitude over gifts — students brought only handmade cards, proving that true appreciation lies in effort and emotion. A beautiful reminder that Teacher's Day celebrates learning, bonds, and relationships, not materialism.

PRABODH 2024-25: ONE TEAM, ONE GOAL, ONE VISION

September 5-6, 2025

Prabodh, meaning "awakening" in Sanskrit, brought together educators from Curious Cubs and Vivitsa World School for two days of collaborative learning and shared purpose. This annual event combined Teacher Training and the Annual General Meet, strengthening skills and aligning goals for the new academic year.

Day 1: September 5, 2025

Day 1 opened with breakfast, a photoshoot, and ice-breaking activities. Teachers explored Effective Communication with Sheetal Ma'am, Classroom Management with Rohinee Ma'am, and Child Observation with Debashri Ma'am. A Technology workshop and Outbound Training with Saransh Sir rounded out the day with practical strategies and team bonding.

Day 2: September 6, 2025

Day 2 began with sunrise Yoga, followed by sessions on Curriculum & Storytelling led by Poonam Ma'am, Sheetal Ma'am, and Debashri Ma'am. Mhondamo Sir discussed the teaching profession, while the Chaos to Clarity workshop enhanced self-management. The day concluded with PRABODH's closure, a panel on raising Thinking Children, Curious Cubs' AGM, and celebrations with Open Dance and Dinner.

LOVE TRAVELS AT POSTCARD SPEED

GRANDPARENT'S DAY | September 12-13, 2025

As part of Grandparent's Day celebrations, students embarked on a heartwarming and meaningful journey. The idea was to create a secret surprise for their grandparents: a handwritten letter filled with love and gratitude. To make the experience special and educational, the children visited the post office to mail their letters, just as their grandparents once did before smartphones and messages existed. Students of Classes 3–5 expressed memories and sincere appreciation in thoughtful words, while the little ones from Classes 1–2 added love through colors and drawings. This experience taught them that emotions travel best through simple gestures with pen, paper, and heart.

वयं संस्कृतं हिन्दीसप्ताहं च आचरामः । September 8-12, 2025

Language and culture came alive! Classes 3-5 crafted moral stories beginning with "एक बार की बात है..." while Classes 1-2 recited Sanskrit shlokas with sweet voices. Poetry, grammar activities, and storytelling filled classrooms with joy, beautifully connecting children to their linguistic roots and cultural heritage.

NAVRATRI: DANCE, DANDIYA, DIVINE

September 25, 2025

Colorful traditional attire lit up our campus! Students danced garba and dandiya with infectious enthusiasm, honoring Goddess Durga's strength and courage. The Mahalaya celebration featured the captivating Dhunuchi Naach, filling the atmosphere with music, devotion, and laughter. Pure festive magic unfolded at Vivitsa!

PTM-II: Progress beyond reports

September 26, 2025

A PTM with a difference! Grades 3-5 students showcased Learning Corners featuring Nature Club, STEM, Math, and Artsy work. Parents engaged with live experiments and interactive activities. The Emotions Corner displayed students' monthly feelings — highlighting how self-awareness strengthens learning. Meaningful conversations and proud smiles all around!

STORIES OF VIVITSA

TAKING FIRST STEPS, AGAIN

Our students laced up their skates and stepped onto the rink for the very first time. With guidance from our expert coach, they wobbled, laughed, fell, and rose again. It felt like learning to walk once more. With safety rails and full skating gear, they discovered confidence beyond classrooms to grow beyond the books.

FROM THE FIRST DAY TO SIX MONTHS

September marked a beautiful milestone! Founders celebrated six months of Vivitsa with teachers and staff, cutting a cake surrounded by photographs capturing our incredible journey. Every smile, every achievement, every moment — beautifully preserved and celebrated together.
