1. To receive the audited consolidated financial statements of the Corporation for the year ended December 31, 2025 (with comparative statements relating to the preceding fiscal year) together with the report of the auditors therein;

2. To fix the number of directors at five (5);

3. To elect the directors for the ensuing year;

4. To appoint MNP LLP, Chartered Professional Accountants, as auditors for the ensuing year and to authorize the directors of the Corporation to fix their remuneration; and

5. To transact such further or other business as may properly come before the meeting or any adjournment or adjournments thereof.

The directors of the Corporation have fixed the close of business on May 8, 2026, as the record date (the "**Record Date**") for the determination of the shareholders of the Corporation entitled to receive notice of the Meeting. Only Shareholders whose names have been entered in the registers of the Corporation as at the close of business on the Record Date will be entitled to receive notice of and vote at the Meeting.

Notice-and-Access

The Corporation is utilizing the notice-and-access mechanism (the "**Notice-and-Access Provisions**") that came into effect on February 11, 2013 under National Instrument 54-101 – Communication with Beneficial Owners of Securities of a Reporting Issuer and National Instrument 51-102 – Continuous Disclosure Obligations, for distribution of Meeting materials to registered and beneficial Shareholders.

Website where Meeting Materials are Posted

The Notice-and-Access Provisions are a set of rules that allow reporting issuers to post electronic versions of proxy-related materials (such as proxy circulars and annual financial statements) online via the System for Electronic Document Analysis and Retrieval ("**SEDAR+**") and one other website, rather than mailing paper copies of such materials to Shareholders. Electronic copies of this Circular may be found on the Corporation's SEDAR+ profile at www.sedarplus.ca and at https://www.agmconnect.com/current-meetings.The Meeting Materials will remain accessible at https://www.agmconnect.com/current-meetings for a period of one year from the date of posting. The Corporation will not use procedures known as "stratification" in relation to the use of Notice-and-Access Provisions. Stratification occurs when a reporting issuer using the Notice-and-Access Provisions provides a paper copy of the Circular to some Shareholders with this notice package. In relation to the Meeting, all Shareholders will receive the required documentation under the Notice-and-Access Provisions, which will not include a paper copy of the Circular.

Obtaining Paper Copies of Materials

In order to receive a paper copy of the Meeting Materials or if you have questions concerning notice-and-access, please call AGM Connect at 1-855-839-3715 or +1-416-222-4202.

The Meeting is being conducted virtually only. Shareholders will not be able to attend the Meeting in person. Instead, Registered Shareholders (as defined in the accompanying Information Circular under the heading "Appointment of Proxy") and duly appointed proxyholders can virtually attend, participate, vote or submit questions at the virtual Meeting via the platform of AGM Connect. Please use the **12-Digit Control Number** on the included form of Proxy to access the platform via the link below:

HTTPS://WWW.AGMCONNECT.COM/CURRENT-MEETINGS

To ensure a smooth process, the Company is asking registered participants to log in by 9:45 a.m. (Toronto time) on June 23, 2026.

Just as they would be at an in-person meeting, Registered Shareholders and duly appointed proxyholders will be able to attend the virtual Meeting, participate, submit questions online and vote virtually, all in real time, provided they are connected to the internet and comply with all the requirements set out in the accompanying Information Circular.

Registered Shareholders who are unable to attend the virtual Meeting are requested to complete, sign and date the accompanying form of proxy or voting instruction form in accordance with the instructions provided therein and in the Information Circular and return it in accordance with the instructions and timelines set forth in the Information Circular. Non-registered (or beneficial) shareholders who have not duly appointed themselves as proxyholder will only be able to stream the virtual Meeting via the link above and will not be able to participate, submit questions or vote at the virtual Meeting.

If a shareholder receives more than one proxy form because such shareholder owns shares registered in different names or addresses, each proxy form should be completed and returned as indicated in the proxy form.

Since it is desirable that as many shares as possible be represented and voted at the Meeting, a shareholder who cannot attend the virtual Meeting in person is urged to complete and return the enclosed form of proxy following the instructions therein.

A "beneficial" or "non-registered" Shareholder will not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his/her/its broker; however, a beneficial Shareholder may attend the Meeting as proxyholder for the registered Shareholder and vote the Common Shares in that capacity. Only Shareholders as of the Record Date are entitled to receive notice of and vote at the Meeting.

If you are a non-registered holder of Common Shares and have received these materials through your broker, custodian, nominee or other intermediary, please complete and return the form of proxy or voting instruction form provided to you by your broker, custodian, nominee or other intermediary in accordance with the instructions provided therein.

APPOINTMENT OF PROXYHOLDER

The individuals named in the accompanying form of proxy are officers and/or directors of the Corporation (collectively, "**Management's Nominees**"). **A SHAREHOLDER WISHING TO APPOINT SOME OTHER PERSON (WHO NEED NOT BE A SHAREHOLDER) TO REPRESENT HIM, HER OR IT AT THE MEETING HAS THE RIGHT TO DO SO, EITHER BY STRIKING OUT THE NAMES OF MANAGEMENT'S NOMINEES NAMED IN THE ACCOMPANYING FORM OF PROXY AND INSERTING THE DESIRED PERSON'S NAME IN THE BLANK SPACE PROVIDED IN THE FORM OF PROXY OR BY COMPLETING ANOTHER FORM OF PROXY.**

A proxy will not be valid unless the completed form of proxy is received by AGM Connect, 372 Bay Street, Suite 1800, Toronto, Ontario, M5H 2W9 Canada by 10:00 a.m. (Toronto time) on June 19, 2026, not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for holding the Meeting or any adjournment thereof. Proxies delivered after that time will not be accepted.

REVOCATION OF PROXIES

A shareholder who has given a proxy may revoke it by an instrument in writing executed by the shareholder or by his, her or its attorney authorized in writing or, where the shareholder is a corporation, by a duly authorized officer or attorney of the corporation, and delivered to the registered office of the Corporation, at **AGM Connect, 372 Bay Street, Suite 1800, Toronto, Ontario, M5H 2W9 Canada** at any time up to and including the last business day preceding the day of the Meeting, or if adjourned, any reconvening thereof, or to the Chairman of the Meeting on the day of the Meeting or, if adjourned, any reconvening thereof or in any other manner provided by law. A revocation of a proxy does not affect any matter on which a vote has been taken prior to the revocation.

INFORMATION FOR NON-REGISTERED SHAREHOLDERS

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Corporation are "non-registered" shareholders because the shares they own are not registered in their names but are instead registered in the names of a brokerage firm, bank or other intermediary or in the name of a clearing agency. Shareholders who do not hold their shares in their own name (referred to herein as "Beneficial Shareholders") should note that only registered shareholders may vote at the Meeting. If common shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those common shares will not be registered in such shareholder's name on the records of the Corporation. Such common shares will more likely be registered under the name of the shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which Corporation acts as nominee for many Canadian brokerage firms). Common shares held by brokers (or their agents or nominees) on behalf of a broker's client can only be voted (for or against

resolutions) at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the brokers' clients. Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their common shares are voted at the Meeting. Often the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided by the Corporation to the registered shareholders. However, its purpose is limited to instructing the registered shareholder (i.e. the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**"). Broadridge typically prepares a machine-readable voting instruction form, mails those forms to the Beneficial Shareholders and asks Beneficial Shareholders to return the forms to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of common shares to be represented at the Meeting. **A Beneficial Shareholder who receives a Broadridge voting instruction form cannot use that form to vote common shares directly at the Meeting. The voting instruction form must be returned to Broadridge (or instructions respecting the voting of common shares must be communicated to Broadridge) well in advance of the Meeting in order to have the common shares voted.**

This Information Circular and accompanying materials are being sent to both registered shareholders and Beneficial Shareholders. Beneficial Shareholders fall into two categories – those who object to their identity being known to the issuers of securities which they own ("**Objecting Beneficial Owners**", or "**OBOs**") and those who do not object to their identity being made known to the issuers of the securities they own ("**Non-Objecting Beneficial Owners**", or "**NOBOs**"). Subject to the provision of National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("**NI 54-101**") issuers may request and obtain a list of their NOBOs from intermediaries via their transfer agents. Pursuant to NI 54-101, issuers may obtain and use the NOBO list for distribution of proxy-related materials directly (not via Broadridge) to such NOBOs. If you are a Beneficial Shareholder, and the Corporation or its agent has sent these materials directly to you, your name, address and information about your holdings of common shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding the common shares on your behalf. The Corporation's OBOs can expect to be contacted by Broadridge or their brokers or

The Company has decided to take advantage of the provisions of NI 54-101 that permit it to deliver proxy related materials directly to its NOBOs. By choosing to send these materials to you directly, the Company (and not the intermediary holding shares on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. As a result if you are a NOBO of the Company, you can expect to receive a scannable Voting Instruction Form ("VIF") from AGM Connect. Please complete and return the VIF to AGM Connect in the envelope provided. AGM Connect will tabulate the results of the VIF's received from the Company's NOBOs and will provide appropriate instructions at the Meeting with respect to the common shares represented by the VIF's they receive.

The Company is sending proxy-related materials to registered shareholders and Beneficial Shareholders using the Notice-and-Access procedure described in NI 54-101 and NI 51-102.

The Corporation does not intend to pay for intermediaries to deliver the proxy-related materials and Form 54-101F7 to OBOs, as defined under NI 54-101. As a result, OBOs will not receive the Meeting materials unless the OBOs intermediary assumes the costs of delivery.

Although Beneficial Shareholders may not be recognized directly at the Meeting for the purposes of voting common shares registered in the name of his broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote the common shares in that capacity. **Beneficial shareholders who wish to attend the Meeting and indirectly vote their common shares as proxyholder**

for the registered shareholder should enter their own names in the blank space on the proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker.

All references to shareholders in this Information Circular, Proxy and Notice of Meeting are to shareholders of record unless specifically stated otherwise. **Shareholders are reminded to review this Information Circular before voting.**

Stock Option Plans and Other Incentive Plans

Omnibus Incentive Plan

On June 1, 2022, the Board approved the adoption of a new Omnibus Incentive Plan for the Corporation. The Omnibus Incentive Plan was approved by the TSX Venture Exchange ("**TSXV**") on August 11, 2022 and by Shareholders at the Corporation's annual general meeting held on July 15, 2022. The Omnibus Incentive Plan replaced the Corporation's existing stock option plan (the "**Stock Option Plan**") and restricted share unit plan (the "**RSU Plan**") which were originally approved by Shareholders on February 12, 2021. The purpose of adopting the Omnibus Incentive Plan was to increase the amount of Common Shares issuable pursuant to Securities Based Compensation Arrangements to 20% of the issued and outstanding Common Shares and to align the Corporation's incentive plans with the updated TSXV Policy 4.4 – Securities Based Compensation.

The Omnibus Incentive Plan is a "fixed" plan under the policies of the TSXV and the Corporation is authorized to grant Options and restricted share units ("**RSU**") up to 20% of its issued and outstanding Common Shares at the date the Omnibus Incentive Plan was approved by the Board, less the number of Common Shares subject to grants of securities under any other securities based compensation arrangements (namely, the Stock Option Plan and RSU Plan). The principal features of the Omnibus Incentive Plan are described in more detail below.

The purpose of the Omnibus Incentive Plan is to advance the interests of the Corporation by encouraging eligible directors, officers, employees and consultants of the Corporation to acquire Common Shares, thereby increasing their proprietary interest in the Corporation and furnishing them with additional incentive in their efforts on behalf of the Corporation in the conduct of its business and affairs.

Material Terms of the Omnibus Incentive Plan

The following is a summary of the material terms of the Omnibus Incentive Plan:

1. The Omnibus Incentive Plan is a "fixed" plan under the policies of the TSXV and the Corporation is authorized to grant Options and RSUs equal to up to 20% of its issued and outstanding Common Shares at the date the Omnibus Incentive Plan was approved by the Board, less the number of

Common Shares subject to grants of securities under any other Security Based Compensation Arrangement.

2. Under the terms of the Omnibus Incentive Plan, a maximum of 29,341,745 Common Shares are reserved for issuance, representing approximately 20% of the issued and outstanding Common Shares as at June 1, 2022, the date on which the Board approved the Omnibus Incentive Plan. As of the date of this Circular, 21,025,745 Common Shares remain available for issuance under the Plan, taking into account all Common Shares issuable under all Security Based Compensation Arrangements. Omnibus Incentive Plan is considered to be an "evergreen" plan to the extent that Shares of the Corporation covered by Awards which are settled in cash, cancelled, terminated, surrendered, (other than Shares surrendered pursuant the Net Exercise Right (as defined herein)), forfeited or expired without being exercised, and pursuant to which no Shares have been issued, as applicable, will be available for subsequent grants under the Omnibus Incentive Plan.

3. Under the terms of the Omnibus Incentive Plan, an RSU is an Award in the nature of a bonus for services rendered, in the calendar year that includes the Award Date, and that, upon settlement, entitles the recipient Participant to acquire Shares, or equivalent cash value thereto, pursuant and subject to such restrictions and conditions as the Board may determine at the time of grant, unless such RSU expires prior to being settled. Vesting conditions may, without limitation, be based on continuing employment (or other service relationship) and/or achievement of performance criteria.

4. The Omnibus Incentive Plan is administered by the Board, or may be administered by a committee or plan administrator appointed by the Board which has full and final authority with respect to the granting of all Options and RSUs thereunder subject to the requirements of the TSXV. Options and RSUs may be granted under the Omnibus Incentive Plan to such directors, officers, bona fide employees or bona fide consultants of the Corporation and its affiliates, if any, as the Board may from time to time designate.

5. Each Option granted pursuant to the Omnibus Incentive Plan shall be exercisable for a period of not more than ten (10) years from the Award Date. Notwithstanding the foregoing and subject to the policies of the TSXV, if the Option term expires within a blackout period, the Option term shall be extended ten (10) business days after the expiry of the blackout period.

6. Unless approved by disinterested shareholders, the maximum number of the Corporation's securities issuable to Insiders, or when combined with all of the Corporation's other Share Compensation Arrangements, will not exceed ten percent (10%) of the Corporation's total issued and outstanding securities at any point in time.

7. Unless approved by disinterested shareholders, the maximum number of Common Shares issued to participants who are Insiders, collectively, within any one (1) year period under the Omnibus Incentive Plan and any other Security Based Compensation Arrangement cannot exceed 10% of the outstanding Common Shares at the time of issuance.

8. Unless approved by disinterested shareholders, the maximum number of Common Shares issued one person collectively, within any one (1) year period, under the Omnibus Incentive Plan and any other Security Based Compensation Arrangement, cannot exceed 5% of the outstanding Common Shares at the time of issuance.

9. The total number of Common Shares issuable as compensation to any one Consultant, in a 12 month period pursuant to the Omnibus Incentive Plan, or when combined with all of the Corporation's other Share Compensation Arrangements, cannot exceed 2% of the outstanding Common Shares at the time of issuance.

10. The total number of Common Shares issuable as compensation to any participant performing Investor Relations Activities, in a 12 month period pursuant to the Omnibus Incentive Plan, cannot exceed 2%

of the outstanding Common Shares at the time of issuance. Persons providing Investor Relations Activities shall only be entitled to receive Options pursuant to the Omnibus Incentive Plan.

11. Awards granted to any one person retained to provide Investor Relations Activities, shall vest in stages over a period of not less than twelve (12) months with no more than one-quarter (¼) of the options vesting in any three month period. Unless the Corporation receives prior written approval of the TSXV, the Corporation shall not accelerate or provide for the acceleration of vesting in whole or in part of Options previously granted to persons retained to provide Investor Relations Activities.

12. Each Option granted pursuant to the terms of the Omnibus Incentive Plan will vest and be exercisable as to one third (1/3) of the total number of Options granted on each of the first, second and third anniversaries of the Award Date.

13. The Option price of any Option shall be determined and approved by the Board when such Option is granted, but shall not be less than the Discounted Market Price (as ascribed to in TSXV policy) on the Award Date.

14. The Board may at its sole discretion at any time or on the award date in respect of any Option granted, provide for the acceleration of vesting in whole or in part of Options previously granted.

15. Disinterested shareholder approval shall be required for any reduction of the Option Price of such Option if the Participant is an Insider at the time of the proposed amendment.

16. The Omnibus Incentive Plan includes a Net Exercise provision in accordance with TSXV Policy 4.4, whereby each Participant, other than Persons retained to perform Investor Relations Activities, shall have the alternative, when entitled to exercise an Option, to deal with such Option on a "net exercise" basis, (the "**Net Exercise Right**") in the manner set our and in accordance with the terms of this Plan. Without limitation, the Board may determine in its discretion that such Net Exercise Right, if any, grant a Participant the right to surrender such Option in whole or in part by notice in writing to the Corporation and in lieu of receiving Shares pursuant to the exercise of the Option, receive, that number of Shares, disregarding fractions, which is equal to the quotient obtained by: (a) subtracting the applicable Option price from the VWAP on the business day immediately prior to the exercise of the Net Exercise Right and multiplying the remainder by the number of Option Shares; and (b) dividing the net amount obtained under 15(a) by the VWAP on the business day immediately prior to the exercise of the Net Exercise Right, provided that the Participant pays to the Corporation an amount equal to the tax obligations applicable to the Option Shares or otherwise makes arrangements satisfactory to the Corporation.

17. Each RSU granted pursuant to the terms of the Omnibus Incentive Plan will vest and be payable as to one third (1/3) of the total number of Options granted on each of the first, second and third anniversaries of the award date. The Board may at its sole discretion at any time or on the Award Date in respect of any RSUs granted, provide for the acceleration of vesting in whole or in part of RSUs previously granted. Notwithstanding the foregoing, an RSU shall not vest prior to the date that is one year following the Award Date of such RSU.

18. Each Award granted pursuant to the Omnibus Incentive Plan shall terminate 90 days from the date the Participant ceases to be eligible under the Plan due to their termination or twelve months if the Participate ceases to be eligible under the Omnibus Incentive Plan as a result of their retirement, death or permanent disability.

19. Upon a Participant ceasing to be an Eligible Participant for Cause (as defined in the Omnibus Incentive Plan), any vested or unvested Option granted to such Participant shall terminate automatically and become void immediately. Upon a Participant ceasing to be an Eligible Participant as a result of his or her employment or service relationship with the Corporation or a subsidiary being terminated without Cause, (i) any unvested Option granted to such Participant shall terminate and become void

immediately and (ii) any vested Option granted to such Participant may be exercised by such Participant.

20. Any Award granted or issued to any Participant must expire within a reasonable period, not exceeding 12 months, following the date the Participant ceases to be an Eligible Participant under the Omnibus Incentive Plan.

21. Each Award granted under the Omnibus Incentive Plan is personal to the Participant and shall not be assignable or transferable by the Participant, whether voluntarily or by operation of law, except by will or by the laws of succession of the domicile of the deceased Participant.

22. The exercise price and the number of Common Shares which are subject to an Award may be adjusted from time to time in the event of (i) any subdivision of the Shares into a greater number of Shares, (ii) any consolidation of Shares into a lesser number of Shares, (iii) any reclassification, reorganization or other change affecting the Shares, (iv) any merger, amalgamation or consolidation of the Corporation with or into another corporation, subject to the required approval of any Stock Exchange.

23. Former 10% Rolling Stock Option Plan

In August 2018, the Corporation previously adopted the Stock Option Plan, which is a "rolling" stock option plan and which permitted the Board to grant incentive stock options to purchase up to ten percent (10%) of the issued number of Common Shares outstanding at the date of the grant. The Stock Option Plan was approved by the Exchange in 2018, and pursuant to Exchange policy, by shareholders at the Corporation's annual general meeting held on February 12, 2021. Under Exchange policy, all such rolling stock option plans must be approved and ratified by shareholders on an annual basis.

The purpose of the Stock Option Plan established by the Corporation was to promote the profitability and growth of the Corporation by facilitating the efforts of the Corporation to obtain and retain key individuals. The Stock Option Plan provided an incentive for and encouraged ownership of the Common Shares by its key individuals so that they may increase their stake in the Corporation and benefit from increases in the value of the Common Shares. Pursuant to the Stock Option Plan, the maximum number of Common Shares reserved for issuance in any twelve (12) month period to any one optionee other than a consultant could not exceed 5% of the issued and outstanding Common Shares at the date of the grant. The maximum number of Common Shares reserved for issuance in any twelve (12) month period to any consultant could not exceed 2% of the issued and outstanding Common Shares at the date of the grant and the maximum number of Common Shares reserved for issuance in any twelve (12) month period to all persons engaged in investor relations activities may not exceed 2% of the issued and outstanding number of Common Shares at the date of the grant.

Options may be exercised until the greater of twelve (12) months after the completion of the Corporation's qualifying transaction and ninety (90) calendar days following the date the optionee ceases to be a director, officer or employee of the Corporation or its affiliates or a consultant or a management Corporation employee, provided that if the cessation of such position or arrangement was by reason of death, the Option may be exercised within a maximum period of one year after such death, subject to the expiry date of such option.

As at the date hereof there were 90,000 Options issued and outstanding pursuant to the Stock Option Plan. Subsequent to June 1, 2022, the Corporation no longer issues Options pursuant to the Stock Option Plan and the Stock Option Plan exists solely for the purposes of governing Options previously issued thereunder.

Employment, Consulting and Management Agreements

Other than as set forth below, there were no agreements or arrangements under which compensation was provided during the most recently completed financial year or is payable in respect of services provided to the Corporation or any of its subsidiaries that were: (a) performed by a director or named executive officer; or (b) performed by any other party but are services typically provided by a director or a named executive officer.

Christopher Paul

On July 1, 2024, the Corporation entered into a consulting agreement (the "**Amended and Restated Agreement**") with Clearwater and the Corporation's wholly-owned subsidiary Anglo-Bomarc (replacing and superseding the consulting agreement made as of May 9, 2023 and January 24, 2022 with Clearwater and Anglo-Bomarc) whereby Mr. Christopher Paul provides the Corporation with the services as Chief Executive Officer and pursuant to which Mr. Paul, effective June 1, 2024 is paid a monthly fee of $29,166.67 or $350,000 per year (the "**Base Fee**") (previously $180,000 per year) plus expenses, subject to prior approval, incurred on behalf of the Corporation, and 1,500,000 RSUs were awarded on April 8, 2024. Under the Amended and Restated Agreement the Corporation paid to Clearwater a one-time signing bonus in the amount of $85,000.02. Effective May 1, 2025, Mr. Paul voluntarily reduced his monthly fee to $20,000 or a Base Fee of $240,000. Agreement, Clearwater will be eligible to receive a discretionary Short Term Incentive Payment ("**STIP**") in a total amount up to $175,000.00 per year, subject to achieving individual objectives, and depending upon the financial results of the Corporation. The decision to pay the STIP and the amount of any STIP is within the sole and absolute discretion of the Corporation.

Pursuant to the Amended and Restated Agreement the STIP is measured and paid based on the Corporation's fiscal year. In order to be entitled to receive any STIP, Mr. Paul must still be working for the Corporation, and/or the subsidiary, on the date the STIP is paid. Mr. Paul is not entitled to any STIP, and the STIP is not earned, until the date it is paid even if the Corporation considers performance during a previous time period in determining such compensation.

The Amended and Restated Agreement will continue in full force and effect until terminated. Either the Corporation or Clearwater may terminate the Amended and Restated Agreement by giving the other party 60 days' prior written notice, or, in the event of a termination initiated by the Corporation, pay in lieu of such notice in an amount equal to two times the then current monthly Base Fee. The Corporation may terminate the Amended and Restated Agreement at any time, without notice or compensation, in the event of Mr. Paul's misconduct that justifies summary dismissal under law.

Pursuant to the Amended and Restated Agreement, in the event of a change of control, whereby a third-party corporation, individual, other entity, or combination thereof acting in concert (the "**Acquiring Party**"), acquires shares in the Corporation which in aggregate amount to 50% or more of the total issued and outstanding shares of the Corporation at that time (the "**Transaction**"), and within a period of 90 days following closing of the Transaction the Acquiring Party causes the Amended and Restated Agreement to be terminated, Clearwater will be entitled to (i) the immediate vesting of all outstanding options and RSUs held by Mr. Paul at that time; and (ii) twenty-four (24) months of consulting fees, to be paid by the Acquiring Party, in cash.

During the year ended December 31, 2025, Clearwater charged fees of $276,667 for consulting services provided to the Corporation. Mr. Paul is also eligible to participate in the Omnibus Incentive Plan and as of May 8, 2026, holds nil options and 1,500,000 RSUs.

Oversight and Description of Named Executive Officer and Director Compensation

The Board is responsible for approving compensation, including long-term incentives in the form of Options, and RSUs to be granted to the Corporation's executive officers and the directors. The Board also evaluates the performance of the Corporation's senior executive officers and reviews the design and competitiveness of the Corporation's compensation plans.

The Corporation's executive compensation program is comprised of base salary and discretionary annual incentive and long-term incentives. Together, these components support the Corporation's long-term growth strategy and the following objectives:

- to align executive compensation with Shareholders' interests;
- to attract and retain highly qualified management; and
- to focus performance by linking incentive compensation to the achievement of business objectives and financial results.

The compensation program is designed to reward for performance. Employees, including senior executives, are rewarded for the achievement of annual operating and financial goals, progress in executing the Corporation's long-term growth strategy and delivering strong total shareholder return performance.

The Corporation reviews industry compensation information and compares its level of overall compensation with those of comparable sized resource companies involved in mineral exploration and mining industries. Generally, the Corporation targets base salaries at levels approximating those holding similar positions in comparably sized companies in the mineral exploration industry and hopes to achieve comparable total compensation levels through the fixed and variable components.

The Corporation's total compensation mix places a significant portion of the executive's compensation at risk. The design takes into account individual and corporate performance. Compensation practices, including the mix of base salary, short-term incentives and long-term incentives, are regularly assessed to ensure they are competitive, take account of the external market trends, and support the Corporation's long-term growth strategies. A peer group is not used to determine compensation.

Compensation Review Process

The Board has appointed a CGNC Committee currently made up of three directors: Peter Simeon (Chair), Nicholas Tintor and Kelly Malcolm. The CGNC Committee responsible for the compensation policies and guidelines for the Corporation and for implementing and overseeing compensation policies.

Responsibilities of the CGNC Committee include:

- monitoring and evaluating the performance of the CEO and other members of senior management;

- annually reviewing and making recommendations to the Board with respect to the Corporation's compensation and benefit programs for CEO and other senior officers of the Corporation including base salaries, bonuses or other performance incentive, stock options and RSU. In setting the CEO's salary, the CGNC Committee will take into consideration salaries paid to chief executive officers in the gold, silver, and general mining industry; and

- reviewing and making recommendations to the Board with respect to the implementation or variation of stock options, RSUs and incentive plans. Further, the CGNC Committee will ensure proper administration of the Corporation's existing share incentive plans, including the granting or making recommendations with respect to the granting of options and RSU.

The CGNC Committee reviews on an annual basis the cash compensation, performance and overall compensation package of each executive officer, including the Named Executive Officers. The CGNC Committee makes decisions with respect to base salary and participation in Securities Based Compensation Arrangements for each executive officer. In considering executive officers other than the Chief Executive Officer, the CGNC Committee takes into account the recommendation of the Corporation's Chief Executive Officer.

The Corporation does not have a formal compensation program with set benchmarks, however, the Corporation does have a compensation program which seeks to reward an executive officer's current and future expected performance. Individual performance in connection with the achievement of corporate milestones and objectives is also reviewed for all executive officers.

The Board reviews at least once annually, the risks, if any, associated with the Corporation's compensation policies and practices at such time.

Executive compensation is comprised of base salary, short-term incentives in the form of cash bonuses and long-term incentives in the form of Options and RSUs. This structure ensures that a significant portion of executive compensation is both long-term and "at risk" and, accordingly, is directly linked to the achievement of business results and the creation of long-term shareholder value. As the benefits of such compensation, if any, are not realized by officers until a significant period of time has passed, the ability of officers to take inappropriate or excessive risks that are beneficial to their compensation at the expense of the Corporation and the Shareholders is extremely limited. Furthermore, salary and short-term incentives of the executive compensation represents a relatively small part of the total compensation. As a result, it is unlikely that an officer would take inappropriate or excessive risks at the expense of the Corporation or Shareholders that would be beneficial to their short-term compensation when their long-term compensation might be put at risk from their actions.

Due to the small size of the Corporation and the current level of the Corporation's activity, the Board is able to closely monitor and consider any risks which may be associated with the Corporation's compensation policies and practices. Risks, if any, may be identified and mitigated through regular meetings of the Board during which financial and other information of the Corporation are reviewed. No risks have been identified arising from the Corporation's compensation policies and practices that are reasonably likely to have a material adverse effect on the Corporation.

Executive compensation is based upon the need to provide a compensation package that will allow the Corporation to attract and retain qualified and experienced executives, balanced with a pay-for-performance philosophy. Executive compensation is designed to reward activities and achievements that are aligned with the long-term interests of Shareholders.

The Board also assumes responsibility for reviewing and monitoring the long-range compensation strategy for the Corporation's senior management. The Board reviews the compensation of senior management on an annual basis taking into account compensation paid by other issuers of similar size and activity.

Elements of Executive Compensation Program

The Corporation's compensation program consists of the following elements:

(a) Base salary or consulting fees;

(b) Bonus payments; and

(c) Options and RSUs.

Base Salary

Base salary is compensation for discharging job responsibilities and reflects the level of skills and capabilities demonstrated by the executive. Annual salary adjustments take into account the market value of the role and the executive's demonstration of capability during the year.

Bonus Payments

Annual incentives, in the form of cash bonus payments, are designed to add a variable component of compensation based on overall corporate performance and the executive's individual performance. Each executive is eligible for an annual bonus, payable in cash or through share-based compensation. The amount paid is based on the Board's assessment, following the CGNC Committee's recommendation, of the Corporation's performance for the year. Factors considered in determining bonus amounts include individual performance, financial criteria (such as revenue, cash flow and share price performance) and operational criteria (such as significant acquisitions and the attainment of corporate milestones). No bonus payments were made during the year ended December 31, 2025.

The Board approves the bonuses to be paid to the Chief Executive Officer, the Chief Financial Officer and the Corporate Secretary, if any.

Options and RSUs

Long-term incentive is accomplished through the Corporation's Securities-Based Compensation Arrangements. Options and RSUs are granted to executives taking into account a number of factors, including the amount and term of Options and RSUs previously granted, base salary, bonuses and competitive factors. Individual grants are also determined by an assessment of an individual's current and expected future performance, level of responsibilities and the importance of the position to the Corporation. The amounts and terms of Options and RSUs granted are determined by the recommendations put forward by the Corporation's Chief Executive Officer. Due to the Corporation's limited financial resources, the Corporation emphasizes the provisions of Option and RSU grants to maintain executive motivation.

RSUs granted pursuant to the RSU Plan will be used to compensate RSU Participants for their individual performance based achievements and are intended to supplement stock option awards in this respect, the goal of such grants is to more closely tie awards to individual performance based on established performance criteria. See "Disclosure Respecting Security-Based Compensation Arrangements – Restricted Share Unit Compensation Plan".

The number of Options and RSUs which may be issued under the Omnibus Incentive Plan in the aggregate and in respect of any fiscal year is limited under the terms of the Omnibus Incentive Plan and cannot be increased without shareholder approval.

As of the financial year ended December 31, 2025, there were 4,415,000 Options and 2,666,000 RSUs outstanding under the Omnibus Incentive Plan and former Stock Option Plan See “Stock Option Plans and Other Incentive Plans”.

As of the date of this Circular, there are 5,740,000 Options and 2,666,000 RSUs awarded under the Omnibus Incentive Plan and former Option Plan to directors, officers, employees and consultants of the Corporation. Each RSU represents a right to receive one Common Share, following the vesting of such RSUs over a one-year period. See “Stock Option Plans and Other Incentive Plans”.

Effective January 1, 2024, each non-executive director of the Corporation is paid a director’s fee of $60,000 annually. Also, the Chair of the Audit Committee receives an additional fee of $10,000 annually. In addition, all directors are entitled to be reimbursed for reasonable expenses incurred on behalf of the Corporation. In addition, each director is eligible to receive Stock Options and RSU pursuant to the Omnibus Incentive Plan.

Risks Associated with the Corporation’s Compensation Practices

The Board has assessed the Corporation’s compensation plans and programs for its executive officers to ensure alignment with the Corporation’s business plan and to evaluate the potential risks associated with those plans and programs. The Board has concluded that the compensation policies and practices do not create any risks that are reasonably likely to have a material adverse effect on the Corporation. The Board considers the risks associated with executive compensation and corporate incentive plans when designing and reviewing such plans and programs.

Hedging by Named Executive Officers or Directors

The Corporation has not, to date, adopted a policy restricting its executive officers and directors from purchasing financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, which are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by executive officers or directors.

SCHEDULE "B"

DISCLOSURE OF CORPORATE GOVERNANCE PRACTICES

Statement of Corporate Governance Practices

National Policy 58-201 - *Corporate Governance Guidelines* ("**NP 58-201**") establishes corporate governance guidelines which apply to all public companies. The Corporation has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Corporation's practices comply with the guidelines; however, the Board considers that some of the guidelines are not suitable for the Corporation at its current stage of development, and therefore these guidelines have not been adopted. National Instrument 58-101 - *Disclosure of Corporate Governance Practices* ("**NI 58-101**") mandates disclosure of corporate governance practices for Venture Issuers in Form 58-101F2, which disclosure is set out below.

Board of Directors

Structure and Compensation

The Board is currently composed of five (5) directors (Messrs. Christopher Paul, Matthieu Bos, Peter Simeon, Nicholas Tintor and Kelly Malcolm). Following the election of the directors at the Meeting, the Board is to be comprised of five (5) directors (Messrs. Christopher Paul, Matthieu Bos, Peter Simeon, Nicholas Tintor and Kelly Malcolm).

The Board has concluded that four of its current directors (Messrs. Bos, Simeon, Tintor and Malcolm) are "independent" for purposes of board membership as defined in NI 58- 101. The Board has concluded that four of its nominees for election as a director at the Meeting (Messrs. Bos, Simeon, Tintor and Malcolm) will be "independent" for purposes of board membership as defined in NI 58-101. The Board is responsible for supervising the management of the business and affairs of the Corporation. NP 58-201 suggests that the Board of every listed corporation should be constituted with a majority of individuals who qualify as "independent" directors under NI 58-101, which provides that a director is independent if he or she has no direct or indirect "material relationship" with the Corporation. "Material relationship" is defined as a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a director's independent judgement. Of the current directors, Christopher Paul, the Chief Executive Officer is "insider" or management director and accordingly is considered not "independent". The remaining directors are considered by the Board to be "independent", within the meaning of NI 52-110. The Board facilitates its exercise of independent supervision over the Corporation's management through frequent discussions with management and regular meetings of the Board.

The Corporate Governance, Nomination and Compensation Committee (the "**CGNC**") is currently comprised of three directors, Peter Simeon (Chair), Nicholas Tintor, and Kelly Malcolm, all of whom are considered independent directors. The CGNC Committee evaluates the CEO's performance and establishes executive and senior officer compensation, determines the general compensation structure, policies and programs of the Corporation, including the extent and level of participation in incentive programs in conjunction with the Board. The CGNC Committee has also been mandated to review the adequacy and form of the compensation of directors and to ensure that such compensation realistically reflects the responsibilities and risk involved in being an effective director. The CGNC Committee meets at least annually. The CGNC Committee's role in the compensation of directors and the CEO of the Corporation is further described under "Compensation Discussion and Analysis".

The CGNC Committee and the Board reviews the adequacy and form of compensation. There is no minimum share ownership requirement of directors. Directors' compensation will be in the form of stock options, and RSUs. The Corporation's Board reviews and approves the general compensation philosophy and guidelines, incentive plan design and other remuneration for all directors and executive officers, including the CEO.

Nomination, Assessment, Orientation and Continuing Education

The CGNC Committee is responsible for developing and monitoring the Corporation's approach to corporate governance issues. The CGNC Committee oversees the effective functioning of the Board, oversees the relationship between the Board and management, ensures that the Board can function independently of management at such times as is desirable or necessary, identifies individuals qualified to become new Board members and recommends to the Board the director nominees at each annual meeting of shareholders and, with the assistance of the Board and where necessary, develops an orientation and education program for new recruits to the Board. In identifying possible nominees to the Board, the CGNC Committee considers the competencies and skills necessary for the Board as a whole, the skills of existing directors and the competencies and skills each new nominee will bring to the Board, as well as whether or not each nominee will devote sufficient time and resources to the Board. The CGNC Committee also annually reviews and makes recommendations to the Board with respect to: (i) the size and composition of the Board; (ii) the appropriateness of the committees of the Board; and (iii) the effectiveness and contribution of the Board, its committees and individual directors, having reference to their respective mandates, charters and position descriptions. The CGNC Committee meets at least once annually.

The Board determines new nominees to the Board, although a formal process has not been adopted. The Board is responsible for identifying individuals believed to be qualified to become board members, consistent with criteria approved by the Board, and to nominate to stand for election at the Corporation's annual meeting of Shareholders or, if applicable, at a special meeting of the Shareholders. In case of a vacancy in the office of a director (including a vacancy created by an increase in the size of the Board), the Board shall fill each such vacancy either through appointment by the Board or through election by Shareholders. In recommending candidates, the Board shall take into consideration the opinions of management of the Corporation, the criteria approved by the Board and such other factors as it deems

appropriate. These factors shall include judgment, skill, integrity, independence, diversity, experience with business and organizations of comparable size, the interplay of a candidate's experience with the experience of other Board members, willingness to commit the necessary time and energy to serve as director, and a genuine interest in the Corporation's business, and the extent to which a candidate would be a desirable addition to the Board or any committees of the Board. The Board monitors but does not formally assess the performance of individual Board members or committee members or their contributions.

The Board does not, at present, have a formal process in place for assessing the effectiveness of the Board as a whole, its committees or individual directors, but will consider implementing one in the future should circumstances warrant. Based on the Corporation's size, its stage of development and the limited number of individuals on the Board, the Board considers a formal assessment process to be inappropriate at this time. The Board plans to continue evaluating its own effectiveness on an ad hoc basis. The current size of the Board is such that the entire Board takes responsibility for selecting new directors and assessing current directors. Proposed directors' credentials are reviewed in advance of a Board meeting with one or more members of the Board prior to the proposed director's nomination.

New directors are briefed on strategic plans, short, medium and long-term corporate objectives, business risks and mitigation strategies, corporate governance guidelines and existing Corporation policies. However, there is no formal orientation for new members of the Board, and this is considered to be appropriate, given the Corporation's size and current limited operations.

The skills and knowledge of the Board of Directors as a whole is such that no formal continuing education process is currently deemed required. The Board is comprised of individuals with varying backgrounds, who have, both collectively and individually, extensive experience in running and managing public companies in the natural resource sector. Board members are encouraged to communicate with management, auditor and technical consultants to keep themselves current with industry trends and developments and changes in legislation, with management's assistance. Board members have full access to the Corporation's records. Reference is made to the table under the heading "Election of Directors" in the Circular for a description of the current principal occupations of each member of the Corporation's Board.

Ethical Business Conduct

The Board has found that the fiduciary duties placed on individual directors by the Corporation's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Corporation. Under corporate legislation, a director is required to act honestly and in good faith with a view to the best interests of the Corporation and exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances, and disclose to the Board the nature and extent of any interest of the director in any material contract or material transaction, whether made or proposed, if the director is a party to the contract or transaction, is a director or officer (or an individual acting in a similar capacity) of a party to the contract or transaction or has a material interest in a party to the contract or transaction. To date, the Board has not adopted a formal written Code of Business Conduct and Ethics. However, the current limited size of the Corporation's operations and the small number of officers and employees allow the independent members of the Board to monitor on an ongoing basis the activities of management and to ensure that the highest standard of ethical conduct is maintained. As the Corporation grows in size and scope, the Board anticipates that it will formulate and implement a formal Code of Business Conduct and Ethics.

Other Board Committees

The Board currently has two standing committees: the Audit Committee and the CGNC Committee.
