

Your Trusted CDMO Partner

For small molecules & beyond

honourlab.com

Built ^{to} Deliver

Honour is a trusted CDMO partner for global pharma and biotech innovators. We deliver excellence in **Process Development, Manufacturing and Custom Chemical Solutions**. With our core expertise in chemistry, we support product development from the pre-clinical and clinical stages to commercial manufacturing.

END-TO-END SERVICES

• Regulatory starting materials • Intermediates • Excipients • Phosphoramidites • APIs

CDMO SOLUTIONS

• Route Scouting • Early Phase • Mid-to-Late Phase • Process Safety • CMC Support

RESEARCH & DEVELOPMENT

Powered by a team of highly qualified and experienced scientists, technicians and engineers, our comprehensive process chemistry solutions support your molecule through every stage of the product lifecycle.

75,000 ft²
Total Built-Up Space

1:4 (100+ Scientists)
Ph.D. : Masters Ratio

Pilot Plant
250L - 750L Reactors

Kilo Lab
10L - 50L Reactors

50
Fume Hoods

Process & Powder Safety Lab
RC1mx, ARC, RSD, etc.

ANALYTICAL CAPABILITIES

- Method Development and Validation
- GTI & Nitrosamine Assessment
- Stability Studies
- Structural Elucidation
- Impurity Profiling & Synthesis

FACILITIES

We have 7 cGMP-compliant manufacturing facilities that are built to meet your requirements.

Unit-I, Hyderabad
Installed Capacity: **1,074 m³**
FDA

Unit-III, Visakhapatnam
Installed Capacity: **883 m³**
FDA, PMDA, MFDS, ANVISA, EDQM, FM, CDSCO, TGA, etc.

Unit-3A, Pune
Installed Capacity: **260 m³**
WHO GMP - INDIA

Unit-3B, Pune
Installed Capacity: **373 m³**
WHO GMP - INDIA

Unit-V, Hyderabad
Installed Capacity: **450 m³**
FDA, COFEPRIS

Unit-IX, Hyderabad
Installed Capacity: **236 m³**
FDA, EDQM, CDSCO

Honour R&D, Hyderabad
Installed Capacity: **7 m³**
Pilot Plant: 250L to 750L reactor volumes
Kilo Lab: 10L to 50L reactor volume

Honour Synthesis, Hyderabad
Installed Capacity: **60 m³**

WHY CHOOSE HONOUR

- Customer-first Mindset
- Agile Chemistry
- Regulatory Expertise
- Strict IP Confidentiality
- Innovative & Flexible Solutions

AN OVERVIEW

7
cGMP-Compliant
Facilities

14+
Years of
Experience

300+
Certified
Scientists

75,000 ft²
State-of-the-Art
R&D Facility

3,500+
Total
Workforce

3,300 m³
Total Production
Capacity

Forge a sustainable and transformative future with the **science of partnership & possibilities**
