Pre-Launch Checklist

Use our pre-launch checklist to take your site live from beginning to end. Click each step to access a video or article that walks you through the process.

Personalizing Your Template

• Request the setup of your blog

• Adjust design settings to match your brand's colors and fonts (if you like)

• Change colors, images, and the written content on your site

• Refresh image galleries across the template

• Tailor your headers, footers, and site menu

• Link your Instagram feed

• Replace any form placeholders with embed codes from third-party form tools

• Upload your custom favicon

Finishing Touches

• Do a final check to ensure everything looks and works great on both mobile and desktop

• Connect your custom domain

• Set up your blog section

• Hit publish and enjoy your fresh new site!
