Reliable

High-quality, well-maintained plant, equipment and machinery.

Efficient

Our team will help deliver your projects on time and cost-effectively.

Carbon Neutral

Enviro Hire is a certified Climate Active Carbon Neutral organisation.

Why choose Enviro?

We provide high-quality, well-maintained plant, equipment and machinery. Rely on us to help you deliver your resources, infrastructure and energy projects across Australia.

Our experienced team and streamlined processes will help you mobilise your plant to site, so you can deliver your projects on time, safely and cost-effectively.

Enviro Hire is a certified Climate Active Carbon Neutral organisation. We have made choices and changes in the way we do business to ensure our carbon emissions net to zero.

At Enviro Plant Hire, we don't just supply machines — we deliver reliable solutions to keep your project moving forward, safely and efficiently.

About Enviro Plant Hire

Established in 2020, Enviro Plant Hire proudly supports the civil construction and renewable energy sectors across Australia.

With branches in Canning Vale (Perth), Karratha (regional WA) and Yatala (Brisbane), we provide a reliable fleet of high-quality machines and vehicles — including specialised equipment for solar farm construction and cable laying.

With over 40 years of combined hands-on experience in civil and pipeline construction, our team understands the pressures and timelines our clients face.

That's why we're known for fast turnarounds, flexible service and a problem-solving mindset.

At the heart of our business are the values of Respect, Honesty and Hard Work. We genuinely care about the success of our clients and we're committed to delivering a high-quality service that adds real value to every project.

Backed by ISO accreditation in Safety, Quality and Environmental Management, we operate with professionalism and integrity — and as a Climate Active organisation, we proudly offset our carbon emissions each year through Australian sustainability projects.

Equipment for Hire

Our modern fleet of earthmoving and road compaction equipment is fully mine-spec and available for hire at three locations, with a range of specialised attachments and accessories.

We stock leading brands including Caterpillar, Hitachi, Hamm, John Deere, Komatsu and Isuzu to give our clients access to the highest-quality and most reliable equipment.

Perth - Karratha - Brisbane

www.enviropanthire.com.au

"Enviro Plant Hire was born out of the desire to provide access to quality construction equipment and help clients deliver their projects safely, efficiently and cost-effectively while minimising environmental impact.

"Our fleet of fully mine-spec, low-hour and late-model earthmoving equipment is backed by 24-hour, 7-days-a-week service.

"We've built a high-quality, well-maintained equipment fleet, and we'd welcome the chance to provide you with a hire quote today."

Enviro Managing Director David Waters
