Safer Stores, Stronger Communities: THE IMPACT OF LVT IN DETROIT

ACCESS 2.0 deployed to Detroit, Michigan in November 2024. LVT Units were deployed to retailers and restaurants throughout the city. The Loss Prevention Research Council (LPRC) conducted a survey of participants and community members. Almost 200 people responded. Here's what the survey found:

75%
community

88%
employees

83%
retail leaders

want retailers to
keep using LVT

94%

of retail leaders, 88.9% of
employees say LVT speeds
evidence transfer to police

69%

of community members
and 100% of retail leaders
have positive views of
ACCESS Taskforce

77%

of stakeholders say ACCESS
improved retailer/police
collaboration and 84%+ tie
it to reduced crime

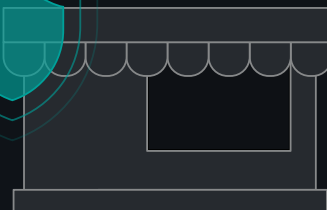

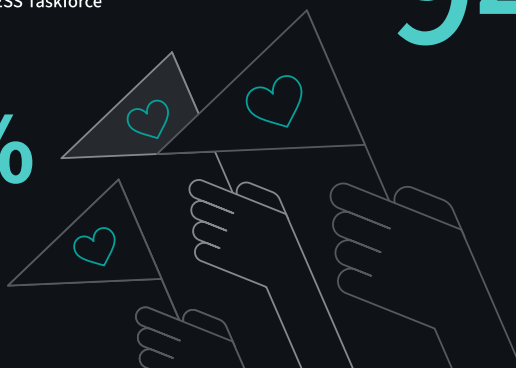

94%

of retail leaders
believe that their
store is safer since
deployment

77%

of community
members support
LVT use
