SPROUTS FARMERS MARKET + LVT

LOCATION: PHOENIX, AZ & NATIONAL MULTI-SITE
INDUSTRY: RETAIL - GROCERY

HOW SPROUTS ELEVATED SECURITY OPERATIONS WITH LVT

30%
decrease in guard spend

71%
decrease in shrink (one store)

97%
decrease in incidents (one store)

Sprouts Farmers Market is a national grocery chain committed to providing a safe, welcoming experience for its customers and team members. Like many retailers, Sprouts prioritizes team members, customer and community well-being and continually evaluates procedures and tools. Sprouts needed new technology to complement its existing security strategy while helping reduce costs and improve outcomes.

HOW LVT ENHANCED AND EXPANDED SPROUTS' SECURITY COVERAGE

After a series of parking lot incidents, **Sprouts partnered with LVT to bring proactive, AI-powered mobile security units to its 500 + stores nationwide.** The technology enhanced the retailer's existing physical security program with additional resources and strengthened visibility. LVT's support has reduced reliance on uniformed guards, contributing to nearly 30% reduction in security costs.

CHALLENGES

- Parking Lot Crime & Vehicle Theft
- Loitering & Trespassing
- Increasing Guard Costs
- Employee Safety Concerns

*"**LVT's solutions strengthen our security program and create operational efficiencies,** allowing us to adapt monitoring at each location to support our customers and team members."*

— LUIS TORRES
Director, Business Protection and Safety
