Amaro (meaning bitter in Italian) is an Italian herbal liqueur made by macerating barks, roots, citrus peels, and other botanicals in high-strength alcohol; once the desired aroma is achieved, the juice is aged in barrel or bottle before adding sugar and water to achieve the desired bittersweet profile and alcoholic strength.

Originally these were often made by Monks and used as cures for most ailments, including everything from aches and pains to cholera.

We have a selection of Amaro at Reggie's - ranging from light/floral/sweet, to dark/bitter/herbal and are perfect after a meal to aid in digestion.
