

HOW TO TRANSFER YOUR TICKETS

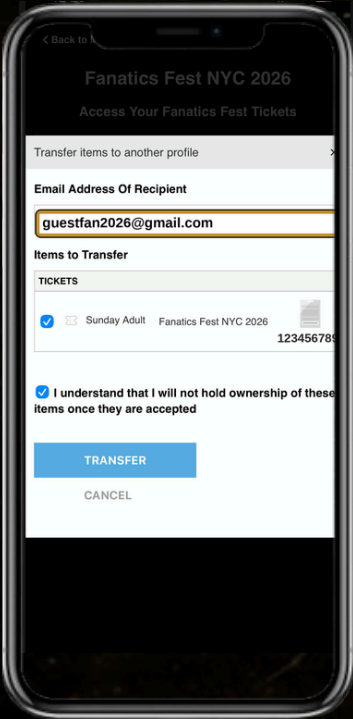

Bringing friends? Transfer tickets you’ve already purchased to anyone with a Fanatics ONE account in just a few taps. Open the **Access Your Fanatics Fest Tickets** page, then follow the four steps below.

You'll need to tap in and tap out each time you enter or exit the event, so transferring tickets ahead of time is important, especially if your group plans to split up during the day.

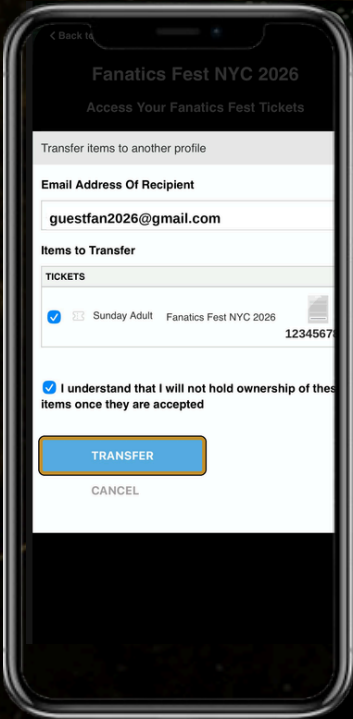

1. TAP TRANSFER ITEMS

Get started by tapping **Transfer Items** in top right corner.

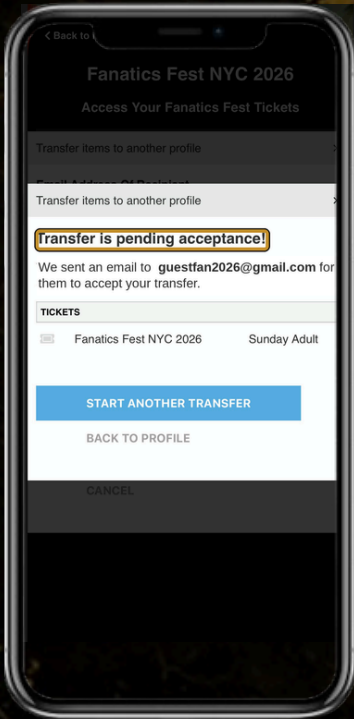

2. ENTER RECIPIENT'S EMAIL

Enter the **Fanatics ONE account** email you would like to transfer tickets to.

3. SELECT TICKETS & TRANSFER

Select the tickets you’re transferring, agree to the terms, and tap **Transfer**.

4. PENDING ACCEPTANCE

Transfer will be marked **Pending** until the recipient accepts.

GOOD TO KNOW

BEFORE YOU SEND

Confirm Email Matches

Be sure you're transferring tickets to the email address associated with the recipient's **Fanatics ONE account** and that they **download the mobile app** to access their tickets.

Confirm Recipient Accepts

Transfer is complete only once the recipient accepts it — you'll **both get a confirmation once the transfer is successful**.

If the person you transferred the tickets to can't find the ticket transfer email, ask them to check their Spam or Junk folders.

Manage or Undo a Transfer

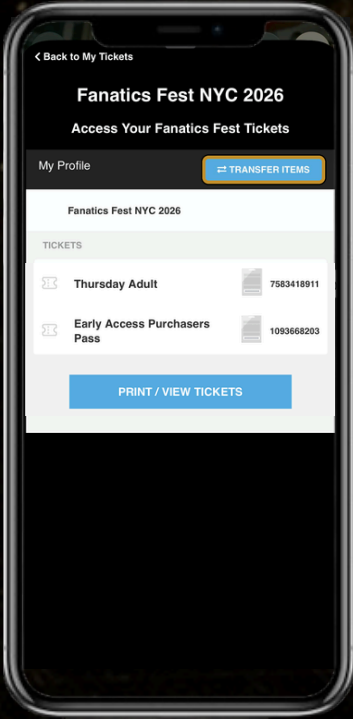

You can resend or cancel a transfer from **My Transfers** on your profile at any time prior to the ticket being accepted.

Please note that once a transfer is accepted that it can't be canceled or rescinded.

HOW TO TRANSFER EARLY ACCESS PASSES

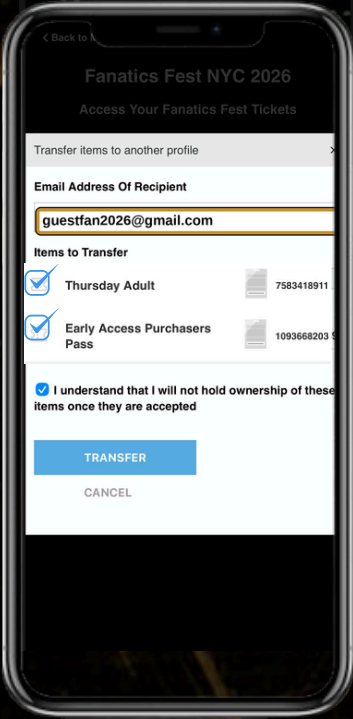

If you qualified for an Early Access Purchasers Pass, it has been added to your My Tickets account in the Fanatics App. You should also have received an email with additional details.

Follow the same ticket transfer steps above to transfer your Early Access Passes.

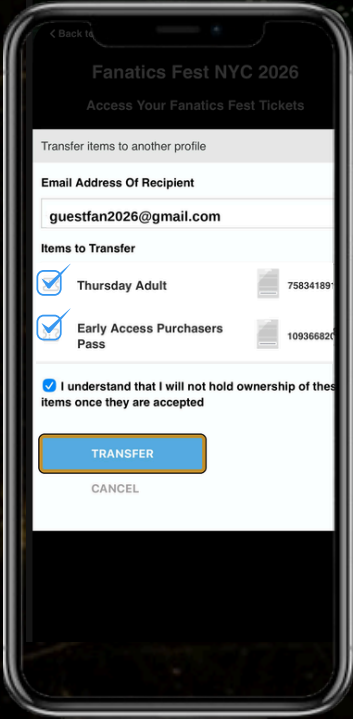

1. TAP TRANSFER ITEMS

Get started by tapping **Transfer Items** in top right corner.

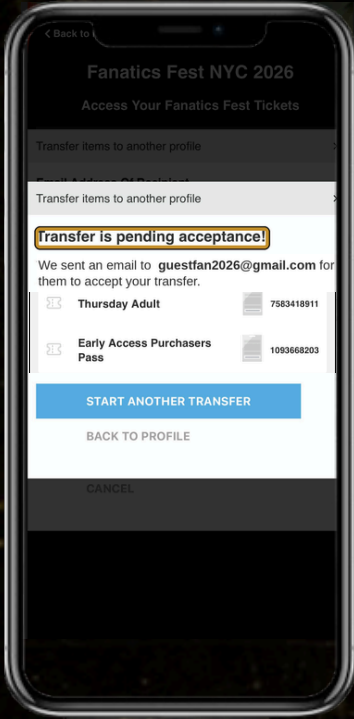

2. ENTER RECIPIENT'S EMAIL

Enter the **Fanatics ONE account** email you would like to transfer your tickets and early passes to.

3. SELECT TICKETS & EARLY ACCESS PASSES FOR TRANSFER

Select the tickets and early passes you’re transferring, agree to the terms, and tap **Transfer**.

4. PENDING ACCEPTANCE

Transfer will be marked **Pending** until the recipient accepts.

If others in your group will be using tickets from your order, we recommend transferring their ticket and Early Access Purchasers Pass in the Fanatics App before arriving.

Important: Transferring a ticket does not transfer the Early Access Purchasers Pass too. Be sure to transfer both to the correct attendee before you arrive.
