CyTech

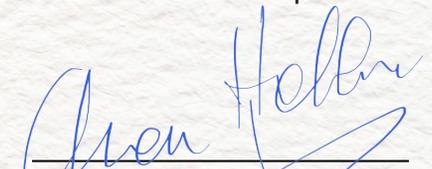

CERTIFICATION

OF INFORMATION SECURITY READINESS

THIS CERTIFICATE IS AWARDED TO

Theranica Bio-Electronics LTD.

for successfully completing CyTech International's Information Security Readiness and Governance Program. CyTech confirms that the organization has demonstrated effective control implementation and governance maturity aligned with ISO/IEC 27001:2022 expectations. This certificate recognizes readiness in support of the organization's formal certification process and does not replace an accredited ISO/IEC certification.
