# THE POP PLAYBOOK

Learn the rules and get playing!

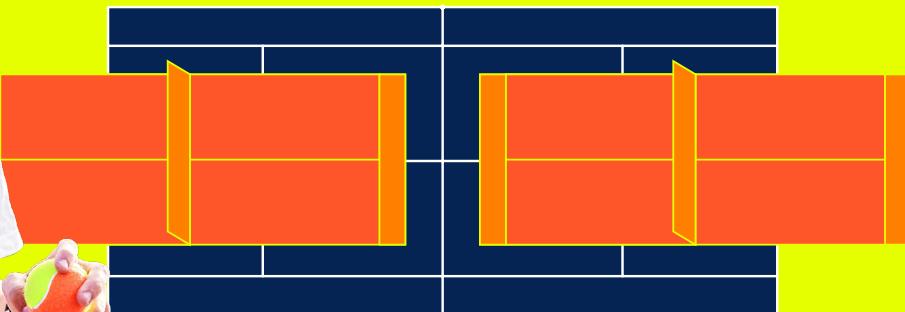

# THE POP COURT

The POP Tennis court is flexible and can be set up in a variety of layouts on a variety of surfaces. A traditional tennis court can be used to create up to two POP Tennis courts.

## POP COURT DIMENSIONS

## EXAMPLE TWO COURT LAYOUT

# POP RULES

POP Tennis is played and scored by the same rules as traditional tennis, with some small differences.

## SERVING

- The server is allowed only one serve per point
- That serve must be an underarm serve
- The server serves from the baseline, alternating between deuce court and ad court (right and left)
- The serve must land in the diagonally opposite service box
- Player must serve from behind the baseline

## SCORING

- Just like traditional tennis, you can play tiebreak sets, with advantage scoring within each game
- e.g. 15, 30, 40, Ad-Game

## EQUIPMENT

### Low Compression Balls

50% and 75% the compression of a normal tennis ball for lower bounces and longer rallies.

### POP Tennis paddle

The solid, round paddle is shorter than a tennis racquet, made from carbon fibre or fibreglass, with holes and a textured face for added control.

# PLAY ANYWHERE

A POP Tennis court is easy to set up and can be played anywhere, anytime by anyone!
