

HIVE

by Filmwerks

Deploy Faster. Elevate Experiences. Maximize ROI

FILMWERKS.COM

Filmwerks

Turn-key modular building solutions

- Hive is an interlocking, stackable modular structure system designed for ballast-free rapid deployment with customizable branding and premium finishes. Providing a high-end alternative to tents and traditional wood construction methods.
- Hive is easily movable, reusable, weather-resistant, completely customizable, and easily configurable with split levels, custom it outs, and virtually unlimited configurations.
- In essence, Hive is a system designed from the ground up for speed, customization, and the best return on your structure ROI.

Adaptable by Design. Limitless in Application.

Filmwerks

Combine or stack multiple boxes to create bespoke structures.

Filmwerks

COCA-COLA

FIFA World Cup 2026

Filmwerks designed and deployed a premium hospitality experience for Cola Cola at FIFA 2026.

Filmwerks worked with the client to design and build various activations by combining Hive, Modtruss and custom scenic components.

Filmwerks

Glenfiddich / Aston Martin Activation

Filmwerks' designed and built a VIP hospitality structure for Glenfiddich / Aston Martin to entertain VIP clients. Using a combination of Hive, ModTruss and custom scenic fabrication, Filmwerks delivered a turnkey activation.

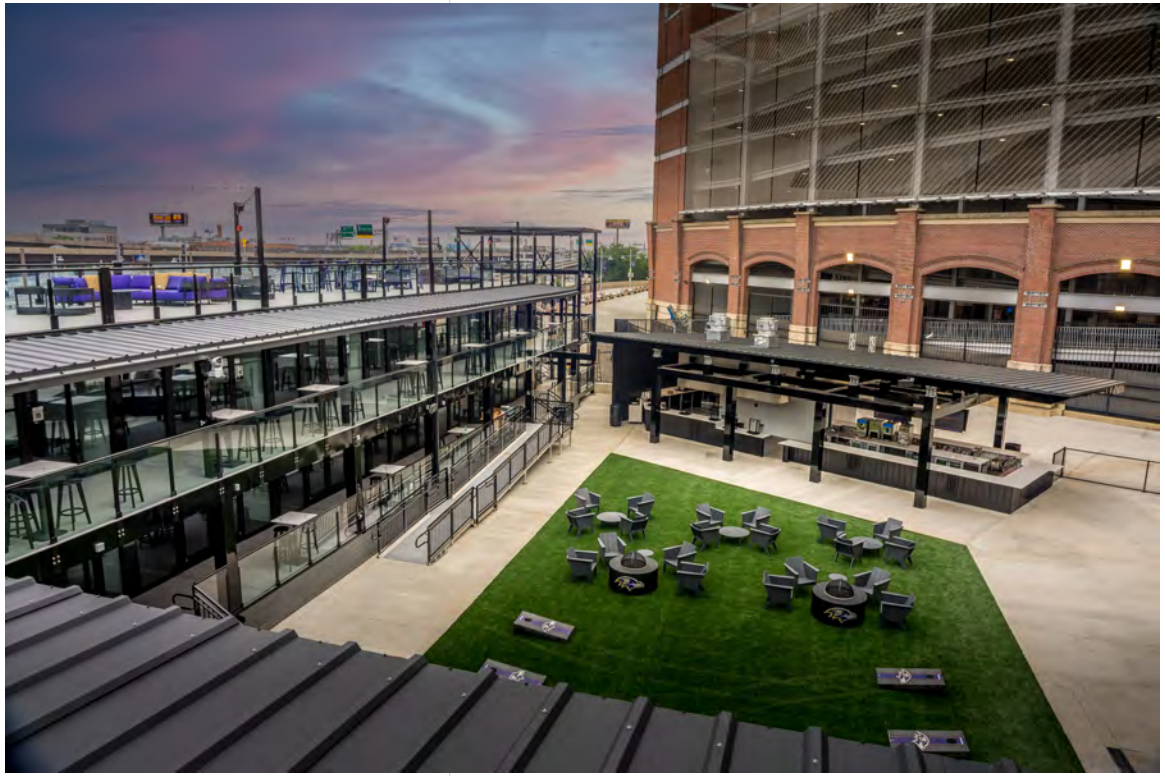

Filmwerks

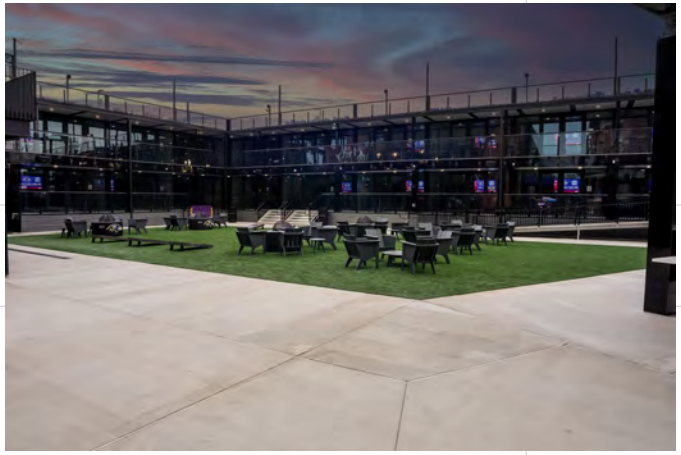

Baltimore Ravens VIP Hospitality Village

Filmwerks designed and built a 20 suite, 2 story VIP Hospitality Village. Hive enabled a ballast/foundation free quick build, modularity for on-demand reconfigurations, premium finishes and sponsor branding.
