## THERE IS A CONNECTION

Three White women were killed while standing up for the dignity of people of color. Renee Good was shot dead by an ICE officer in Minneapolis in 2026 while protecting immigrants. Heather Heyer was run over deliberately while marching to counter white supremacists in Charlottesville in 2017. Viola Liuzzo was shot dead by the Klan in Alabama in 1965 while driving fellow activists to support voter registration. We continue to value some human beings more than others.
