THERE IS A CONNECTION

W M WHITE
R J MEN FOR
RACIAL
JUSTICE

Three White men were killed while standing up for the dignity of people of color. Alex Pretti was shot dead by two ICE officers in Minneapolis in 2026, while protecting immigrants and all of our constitutional rights. William Moore was murdered in 1965 while on his one-man march from Tennessee to Mississippi to deliver a letter to the Governor to accept integration. Rev. James Reeb was beaten to death while other freedom fighters crossed the Edmund Pettus Bridge. What 'way of life' are some people defending?
