To Whom it May concern.

I have known Krishna for 20 odd years by her involvement with her restaurants and the Restaurant Association of New Zealand.

Krishna's first came to prominence with her involvement with Prego Restaurant.

She developed a very successful training system that was a benchmark in the industry with along with her amazing customer satisfaction skill lead to Prego becoming and still delivering one of the best customer experience in Auckland.

Krishna then went on to develop her own restaurants and widened her skills it project management,marketing,and financial controls .

Both Cafe Hanoi and Ghost Street are now Auckland main stays in hospitality industry and known for high customer and staff satisfaction .

Krishna's has been heavily involved in the Restaurant Association as Auckland President and vice president of NZ . Because of her prominence Krishna has often been used as the Restaurant Association Media spokesperson appearing on Radio ,TV and print media.

She has also been alongside with the CEO our liaison with Government meeting with ministers,Government departments and helping develop presentations on issues involving the hospitality industry .

Krishna has also served on The Restaurant Association Education Trust.

This trust works with providing Professional development courses for our members and Krishna developed and presented a series on Manager Development/ taking employees and up skilling them to Manager level .

The knowledge that she has gained over her career would easily be transferred to other industries .  
Exceptional skills in Customer Liaison .

Team building and training systems.

Marketing

Media and Government liaisons .

Project management.

Krishna is such a hard worker and any employer would be well served with her employment.

Tony Adcock

Restaurant Association Education Trust Chairperson.

Restaurant Association Business Mentor .
