relying on Applicable Laws as the basis for processing Customer Personal Data, Supplier shall notify Customer of this before performing the processing required by the Applicable Laws unless those Applicable Laws prohibit the Supplier from so notifying Customer on important grounds of public interest. Supplier shall inform Customer if, in the opinion of Supplier, the instructions of Customer infringe Applicable Data Protection Laws;

- (b) implement technical and organisational measures to protect against unauthorised or unlawful processing of Customer Personal Data and against accidental loss or destruction of, or damage to, Customer Personal Data, which Customer has reviewed and confirms are appropriate to the harm that might result from the unauthorised or unlawful processing or accidental loss, destruction or damage and the nature of the data to be protected, having regard to the state of technological development and the cost of implementing any measures;
- (c) ensure that any personnel engaged and authorised by Supplier to process Customer Personal Data have committed themselves to confidentiality or are under an appropriate statutory or common law obligation of confidentiality;
- (d) assist Customer insofar as this is possible (taking into account the nature of the processing and the information available to Supplier), and at Customer's cost and written request, in responding to any request from a data subject and in ensuring Customer's compliance with its obligations under Applicable Data Protection Laws with respect to security, breach notifications, impact assessments and consultations with supervisory authorities or regulators;
- (e) notify Customer without undue delay on becoming aware of a personal data breach involving Customer Personal Data; Where such breach is notifiable to the Information Commissioner's Office (ICO), Supplier shall notify the ICO or other relevant supervisory authority of such breach at the end of any statutorily required notice period where the requisite notice has not been sent earlier either by Customer or Supplier at Customer's instruction;
- (f) at the written direction of Customer, delete or return Customer Personal Data and copies thereof to Customer on termination of the Services Agreement unless Supplier is required by Applicable Law to continue to process that Customer Personal Data. For the purposes of this clause 10.5(f) Customer Personal Data shall be considered deleted where it is put beyond further use by Supplier;
- (g) will only process personal data in an identifiable form for no longer than is necessary for the purposes for which it is processed, including but not limited to complying with its obligations under the Payment Card Industry Data Security Standard (PCI DSS) rules which prohibits the storage of payment card verification codes once a transaction has been authorised; and

10.6. Customer provides its prior, general authorisation for Supplier to:

- (a) appoint processors to process Customer Personal Data, provided that Supplier:
 - (i) the categories of processors and details of the processing are set out in the Schedules of Processing available at <https://www.bulletproof.co.uk/schedules-of-processing> (**Schedules of Processing**) (as updated from time to time in accordance with this Agreement);
 - (ii) Supplier shall ensure that the Services Agreement on which it appoints such processors complies with Applicable Data Protection Laws and is consistent with the obligations imposed on Supplier in this clause 10; and

(iii) (iii) Supplier shall remain responsible for the acts and omissions of any such processor as if they were the acts and omissions of Supplier; and

(b) transfer Customer Personal Data outside of the UK as required for the Purpose, provided that Supplier shall ensure that all such transfers are made in accordance with Applicable Data Protection Laws. For these purposes, Customer shall promptly comply with any reasonable request of Supplier, including any request to enter into standard data protection clauses adopted by the EU Commission from time to time (where the EU GDPR applies to the transfer) or adopted by the ICO from time to time (where the UK GDPR applies to the transfer).

10.7. Either party may, at any time on not less than 30 days' written notice, revise this clause 10 by replacing it with any applicable controller to processor standard clauses or similar agreement forming part of an applicable certification scheme (which shall apply when replaced by Annex to the Services Agreement).

10.8. Supplier's liability for losses arising from breaches of this clause 10 is as set out in Clause 12 (Limitation of Liability).
