Exsim Hospitality Bhd delivered a stellar start to FY26, reporting profit after tax (PAT) of RM8.18 million for the first quarter ended Sept 30, 2025 (1Q26), a more than 35-fold jump from a RM0.23 million loss a year ago.

The group's revenue for 1Q26 also surged over 23 times to RM53.27 million from RM2.27 million in 1Q25, fuelled by strong contributions from the group's Design & Fit-Out and Hospitality Operator segments.

Managing Director Tan Hai Liang attributed the surge to a healthy orderbook, robust traction in boutique hotels and glamping sites, and ongoing projects including the Port Dickson Hotel revitalisation.

A subcontract secured from Binastra Builders further bolstered earnings visibility, he added.

Tan said the strong quarterly performance also reflect the execution of its long-term expansion strategy, with a continued focus on operational efficiency, asset competitiveness and delivering sustainable shareholder value.

“As such, the group is well-positioned to maintain momentum across its design, fit-out and hospitality operations for the rest of FY26,” he noted.
