Lebron reading book meme

Has lebron written a book. Does lebron have a book. Lebron james reading a book meme. Did lebron write a book. Reading malcolm lebron book meme.

LeBron James is known for being one of the best basketball players ever, but what's not as well-known is his comedic side. Recently, he shared a funny video on Instagram where he was seen relaxing by the pool with a book titled "The First Page". This came as no surprise to fans, who have long joked that LeBron only reads the first page of books before moving on to more interesting things. In fact, one former teammate even poked fun at this habit when asked about it in an interview. It's clear that LeBron has a good sense of humor and isn't afraid to poke fun at himself. LeBron James just shared a funny ad for Hennessy that pokes fun at himself. In the clip, he's seen lounging by a pool, drinking and reading a book called "The First Page". The camera zooms in on this, showing Lebron is indeed on the first page of the book, making him laugh at himself. This clever joke shows Lebron can take a good-natured jab at himself. People have been making memes about Lebron always being on the first page of books he reads for a while now. There was one time when he was seen reading "The Hunger Games" and another time with "The Autobiography of Malcolm X", but instead of giving his thoughts, he jokingly said he just started reading it. This new ad is in line with these funny moments and shows Lebron's ability to laugh at himself. James, the renowned basketball player, made a stylish statement at an event in the past. He walked onto the court wearing a Hennessy-branded jacket on the front. This marked the debut of his upcoming collaboration with Mitchell & Ness, which is set to launch during the NBA All-Star Weekend in Indianapolis later this year.
