Looking for a motivational and self-empowerment book for kids? Zeze the Copycat is an excellent choice! This story follows a 5-year-old boy named Zeze who loves to copy everything his sister Soso does. However, Soso cleverly retaliates in a fun way. Through this engaging early reader book, children learn valuable lessons about self-confidence, individuality, and being themselves. The book also sparks kids' interest in science, technology, engineering, art, and math (STEAM/STEM) with its interactive 4D augmented reality app. This social skills book is perfect for kids of all backgrounds and makes a great educational gift for young children. It comes with a guide for parents and caregivers to help kids understand copycat behavior. Written by life partners Oye and Sabrina, who drew inspiration from their own children Zeze and Soso, this book is an excellent addition to any collection. If you like Zeze the Copycat, you might also enjoy "You Are Amazing!" a coloring and activity workbook that encourages social and developmental skills exploration. Kids Plenty Inc. aims to educate, empower, and entertain children through technology, making learning an engaging experience. If you like the popular character Zeze, check out "You Are Amazing! The Wonderful Adventures of Zeze & A Coloring and Activity Workbook," which features over 50 activities promoting social and developmental skills exploration. Zeze the Copycat is a Children's Book that Teaches Kids to be Themselves Kids will enjoy this book and learn a valuable lesson about being true to themselves. It is a short read, perfect for kids who love interactive books. By scanning the pages with the 4D Augmented Reality (AR) "Kids Plenty" app, kids can bring the story to life. I recently discovered the Kids Plenty app through this book, and I am excited to share it with fellow readers. A must-read Children's Book! My Rating: 5/5 This book tells the inspiring story of Zeze, a five-year-old boy who loves to copy voices and sound effects he hears on TV. His sister Soso becomes annoyed when Zeze starts copying her, but she comes up with a plan to teach him that copying others is not fun. I can relate to this story, as I used to have a cousin brother who would copy me all the time when we were kids. The authors have written this story well, and the narration is smooth and engaging. Kids can interact with the characters by downloading the 4D Augmented Reality (AR) "Kids Plenty" app. Scan the book pages with the app to bring the story to life and enjoy a fun learning experience. To make reading engaging, a click is required to explore further: A recent story was shared but felt unnecessary due to BLM promotion in the image. As a parent, it's concerning that kids are exposed to hate groups' messages through books and real-life experiences are already filled with violence and racism. The Kindle copy from Goodreads giveaway has been deleted. Some users found the illustrations cute, while others enjoyed the storyline and parenting tips, leaving them wanting more content from these authors.
