Bape size guide

BAPE has released an updated size chart for their latest styles. The chart provides measurements in centimeters and other units to help customers determine their correct size. The size charts include information on men's and women's clothes, as well as kids' and baby clothes. Each section includes a range of sizes from S to 3XL or XS to 13. Additionally, the text mentions BAPE resell websites, such as Alias, which can connect buyers with sellers looking to sell their items. This allows for a wide range of potential buyers (over 50 million) to find the desired item. Please note that this paraphrased version is not exhaustive and only provides an overview of the main points from the original text.
