Remarks:

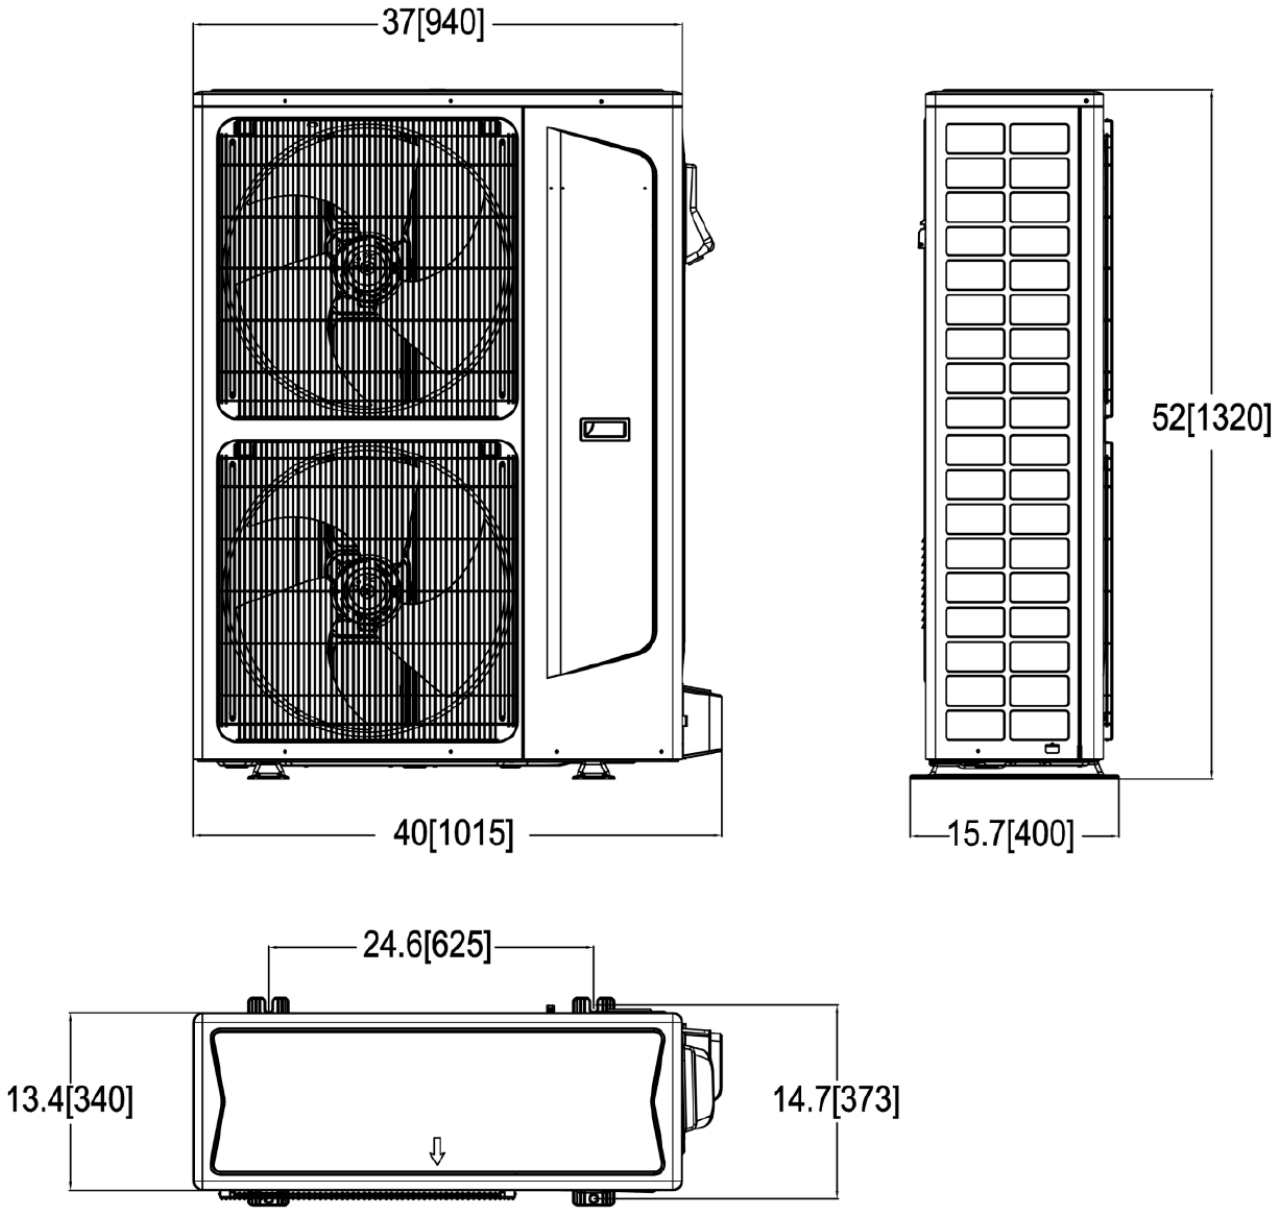

1. All specifications are subject to change by the manufacturer without prior notice.
2. All units are being tested and comply to AHRI 210/240-2024. Indoor-unit capacities are nominal; system ratings depend on the matched outdoor unit.
3. Sound pressure levels are measured in anechoic chamber. During actual operation, sound pressure level will be higher as a result of room specification condition.
4. Data from AUX lab, 30/09/24. Data may change according to test surroundings; AUX reserves right of explanation on data.
